ULSTER PROBLEM FACES SINN FEIN DELEGATES TODAY

Full Conference Will Consider Most Difficult Problem in Question of Irish Settlement—Southerners Determined to Demand That Ireland Be Treated as Unit.

GOVERNMENT MAY INDUCE NORTH TO ACCEPT LOCAL AUTONOMY SCHEME

LONDON, Oct. 20.—The most difficult problem facing the Irish conference—that of Ulster—will, it is understood, come up tomorrow before the full conference.

Sinn Fein delegates having finished their work on sub-committees with the British representatives, have been busy today with their experts concluding their case. The Sinn Fein has maintained its determination not to agree to enter the British commonwealth unless Ireland is treated as a unit. An effort, therefore, is to be made from the Government's side to induce Ulster to consider some means by which, while preserving its local autonomy, it may form a part of the Irish state.

Ulsterites have resisted all appeals thus far, and the restlessness in Belfast is attributed in high quarters here to apprehension that the rank and file of the British representatives contemplate sacrificing them to the desire for an Irish settlement.

EASTERN PEACE IS IMPERILED

Chinese Chancellor Declares Japanese Empire Is Dangerous Factor in Problems of Far East—China Resolved

HONOLULU, Oct. 20.—That the Japanese Empire is the factor most imperiling the peace of the Far East, is the opinion expressed here today by Dr. Chang Yu-Chuan, chief counselor of the Chinese Foreign Office at Peking, on his way to Washington to attend the disarmament conference. With him is a party of ninety-eight consulting delegates. Dr. Chang said:

"China, with her 400,000,000 inhabitants, constituting a vital force to be reckoned with in moulding Far Eastern developments, looks upon the Japanese Empire as the most dangerous vital factor imperiling the peace of the Orient and, therefore, the peace of the world."

Regarding Shantung
"Regarding Shantung, China has nothing to negotiate, contending that with the defeat of Germany, the German possessions automatically reverted to China. The Chinese delegates will enter the conference with cards face up on the table. We shall not mince words in making our demands nor permit delegates of the United States and Europe to remain under any misapprehension as to our conception of Japan's designs in the Far East. China will insist absolutely that Japan get out of Shantung entirely and shall insist upon the unconditional revocation of the Twenty-one demands and Japanese evacuation of Chinese territory."

"China does not conceive that the peace of the Orient and hence the peace of the world is safe so long as Japan is permitted to remain in Shantung. No matter what counter arguments Japan may bring to bear in the conference the cardinal points of our policy must remain fixed and unchangeable."

Nationalist Defeated
ATHENS, Oct. 20.—Turkish Nationalist forces have been defeated in a sharp battle of two days along the southern and of the battle-line in Asia Minor, says an official statement.

EMBARGO WILL HAVE TO WAIT

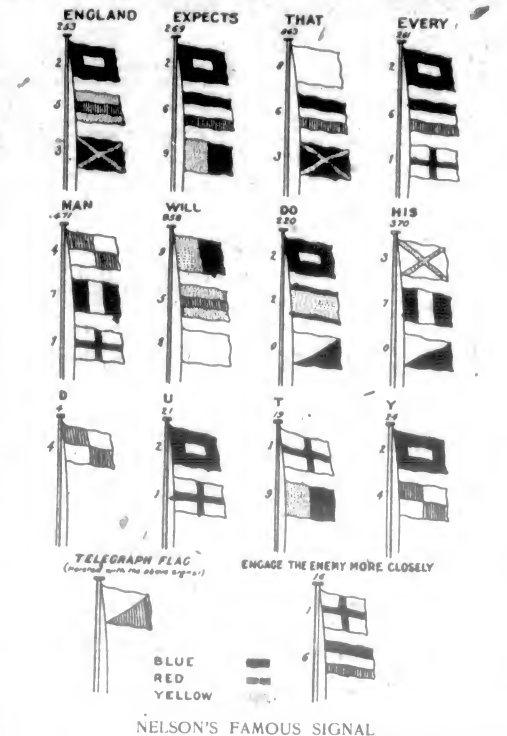

British Minister of Agriculture Says Necessary Legislation Giving Effect to Recommendation Not for Session

LONDON, Oct. 20.—In the House of Commons today John L. Sturrock, M.P. for Montrose, asked if the House would give an early opportunity to discuss the Royal Commission's recommendation to lift the Canadian cattle embargo.

Donald MacMaster asked what steps the Government contemplated with regard to the recent recommendation, and William Shaw asked whether the Government would immediately take steps to remove the embargo.

Sir A. Griffith-Boscawen, Minister of Agriculture, replied that the evidence taken before the Royal Commission had not yet been published, although it was expected to be ready shortly. Until then he had been an opportunity to consider the evidence, it would be premature to discuss the report. Moreover, the legislation necessary to give effect to the recommendation could not be introduced this session.

England Expects Every Man to Do His Duty

THE HERO OF TRAFALGAR

"GET A VOTE." GYRO SLOGAN

Club Commences Campaign to Increase Names on Civic Voters' List—Appeals to Organizations and Ministers

Feeling that something should be done to stimulate civic interest among the citizens to the extent of increasing the number of names upon the civic voters' list, the Gyro Club of Victoria has commenced a "Get a Vote" campaign, which is to be carried on from now until October 31, which is the last day for registration.

Newspaper publicity, the placing of "Get a Vote" cards in the store windows, and an appeal for assistance to various organizations, and also to the ministers of the city are methods being utilized in the campaign.

There are hundreds of citizens who each year do not take the trouble to become enfranchised through payment of the road tax and registration at the City Clerk's Office, and the campaign is aimed to reach them. The Gyro Club is particularly anxious that the women of the city shall register in greater force than they have in the past. To date only a few have placed their names upon the list and the last day of registration, draws near.

"Get a Vote," the Gyro Club believes, is one of the commands of citizenship.

The City Council, the School Board and the Police Commission, it is pointed out by the club, should be representative bodies, and this can only be a fact when those who are entitled to the franchise take the trouble to secure it.

To conduct the "Get a Vote" campaign the civic affairs committee of the Gyro Club appointed a special committee from its numbers, consisting of Gyro Archie Willis, R. Lowe and N. F. Pullen.

The qualifications necessary to get upon the civic voters' list are:

Anyone who is the registered owner of Victoria property to the amount of \$50 assessed value and who is of the full age of 21 years, is placed on the voters' list without registration. Any one else who is a British subject of the full age of 21 years and who has resided in the city since last January can secure a vote by paying the road tax of 12 and registering at the City Clerk's Office.

This "Get a Vote" campaign is being put on in the interests of no one except to secure the best democratic government for the city.

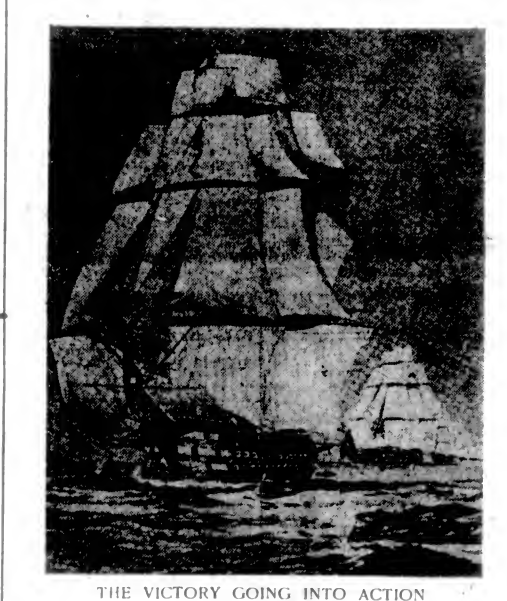

VALUABLE BEAVER SKINS ARE SEIZED

VANCOUVER, Oct. 20.—Between 300 and 400 beaver skins, valued at \$1,000, were seized this morning at the Canadian National Railway Station by Chief Game Inspector Hird and Game Warden J. W. McInnes. Although seizures have been made from time to time by the Provincial authorities since the inception of a close season for beavers two years ago, none have approached in value the lot caught today.

The owner's name is withheld by the officials until a charge of being in unlawful possession of the skins is laid against him.

CANCEL LUNCHEON

The Canadian Club luncheon which was to have been addressed today by Capt. George S. Laing has been postponed. It was announced yesterday.

THE VICTORY GOING INTO ACTION

WITH this morning's ceremony of hoisting Nelson's famous signal to the top of the flagstaff in front of the Parliament buildings, the Boys' Naval Brigade of Victoria starts the Victoria Branch of the Navy League Trafalgar Week campaign. The ceremony will take place at 11:30, when the Boys' Naval Brigade assemble around the base of the tall flagstaff, and in the presence of His Honor the Lieutenant-Governor and those of the public who are interested enough to be present the historic sentence, "England expects every man to do his duty," will be hoisted by a number of the lads who have taken signal training. Suitable selections will be played during the ceremony.

At 12:15 there is to be a Navy League luncheon at the Hudson's Bay Company's dining-room, where the Boys' Naval Brigade Band will take charge of the musical programme. During the afternoon they will return to the Parliament Buildings to give further selections of music.

The intention is during this campaign to remind the public generally of the meaning of Trafalgar Day and to advertise the necessity of keeping up the interest in the navy.

Vancouver has already launched a big drive, and it is hoped that Victoria will show sufficient enterprise to outdo the neighboring city in per capita giving on this occasion. The local headquarters of the Navy League are to be at the corner of Broad and View Streets.

PORTUGAL'S NEW MINISTRY ACTS

President of Republic Signs Decree Appointing New Cabinet—Four Already Assume Portfolios in Lisbon

LISBON, Oct. 20.—The new cabinet, constituted on a non-party basis, has annulled the legislative elections of July 18 and all judicial acts of the present parliament. The President of the Republic signed a decree Wednesday appointing the new ministers.

The Foreign, Interior, War and Marine ministers have already assumed their portfolios.

ONE OF FOUNDERS OF DAILY MAIL DIES

LONDON, Oct. 20.—Kennedy Jones, member of Parliament for the Hornsey division, and for a time during the war the director of food economy, died today. He was founder in conjunction with Lord Northcliffe of The Daily Mail, Daily Mirror and other periodicals.

REACH NEW RECORD IN REGISTRATION

Seventy-five persons registered as voters in the December municipal elections yesterday, the showing striking a new record since the voters' list was thrown open October 1. Fifty-five registered Wednesday. The total number of registrants so far this month stands about even at 400. The list will be closed October 31, so that only nine days remain in which to register.

RELIEF COMMITTEE APPEALS FOR DESTITUTE

CONSTANTINOPLE, Oct. 20.—The international relief committee of Constantinople today sent an appeal to the civilized world on behalf of thousands of destitute and homeless Russian refugees, who have been absolutely helpless since the recent withdrawal from this city of the American Red Cross unit.

Cambridge Refuses Women
LONDON, Oct. 20.—Cambridge University today again voted against granting women membership in the University by a majority of 214. It was voted, however, to give women titular degrees by diploma.

ECHO OF SALARY INCREASE HEARD

Esquimalt's Member Asserts Government Withheld Information From Members of House

"The new famous 'salary grab' at the last session of the Legislature, whereby members increased their personal indemnities from \$1,600 to \$2,000, and also gave the ministerial stipends a decided boost, was before the House yesterday, when Mr. R. H. Pooley, Conservative member for Esquimalt, in speaking in the debate on the Address in reply to the Speech from the Throne, made the declaration that had members of the House been informed of the Government's action in reducing wages paid to workmen on Government work, the House would not have consented to the increase being voted."

"I have no apologies to offer for signing that round robin asking for the increase, but I was very much surprised to learn afterwards that wages of Government employees on the roads had been cut by seventy-five cents per day and one dollar for teams, a reduction dated back to March 1. I doubt if there was a member of this House who knew that that reduction had been made by the Government," declared Mr. Pooley, who recalled that the Premier and the Minister of Public Works had been asked on the floor of the House if it was true that a wage reduction was in contemplation, and they had sat still in their seats and said nothing.

"Did not the members of the House know what they were doing when they signed that round robin?" interjected Premier Oliver.

"Don't be a piker," suggested Mr. (Continued on Page 2)

SOLDIER MEMBER OFFERS CRITICISM

Colonel Fred Lister, Conservative Member, Comments on Government's Handling of Soldier Settlement Question

"Absolutely rotten," was the emphatic description applied by Colonel Fred Lister, Conservative member for Kasia, to the Government's soldier settlement policy as it is now being worked out at the Camp Lister settlement area, in speaking yesterday afternoon in the Legislature in the debate on the address in reply to the Speech from the Throne. He declared that the Government had made a fair deal from the Government and that owing to an almost entire lack of any definite policy, the Government had failed to carry out the promises made to the men.

Colonel Lister was the first speaker yesterday. He was followed by Mr. Bert Korman, Liberal member for Atlin, and by Mr. R. H. Pooley, Conservative member for Esquimalt, the debate being adjourned by Hon. T. D. Pattullo, Minister of Lands, who will speak this afternoon.

Pointing to the brevity of the Speech from the Throne and congratulating the mover and seconder of the address upon their efforts, Colonel Lister expressed the hope that the Government would see fit to carry out the promises made in the speech. These residents of the Province outside the bounds of the

SARNIA HEARS PREMIER SPEAK

Two Large Halls Needed to Hold Crowds at Political Gatherings Addressed by Mr. Meighen

CONDEMNNS CHANGES MADE BY MR. CERRAR

Says Financial, Commercial and Industrial Conditions in Canada Best in World, Not Excluding America

SARNIA, Ont., Oct. 20.—Two large halls were necessary to accommodate the crowds which gathered here this evening to hear Premier Meighen and Hon. J. D. Robertson, Minister of Labor. Mr. Meighen devoted his time at the meeting to a discussion of the tariff issue. At the overflow meeting he dealt with criticisms which had been aimed at the Government by Opposition speakers. He also voiced his condemnation of certain statements which he attributed to Mr. Cerrar.

"I say to Mr. Cerrar," he declared, "that when you stand on the public platform and say that I am the puppet of any man, rich or poor, you say what you know is false."

He denied Mr. Cerrar's put his hand on any act which would form a basis for "such slanderous statements."

"I have almost enough of this," he concluded.

Senator Robertson expressed the opinion that the maintaining of a protective tariff was of prime importance to Canadian labor. He recounted the achievements of the Government on behalf of labor.

Joseph E. Armstrong, Liberal-Conservative candidate in East Lambton, also spoke.

"You may read a speech or two recently in which our appalling financial condition was discussed," said the Premier. "Throughout the universe we are going through the aftermath of war, but the financial, commercial and industrial conditions of Canada are the best of any country which went through the war. Today, the unemployed of Canada number just half in proportion to population those in the United States. Canada has better labor conditions than any country participating in the war, not excluding the United States."

BOARD LOWERS FREIGHT RATES

Announcement of Judgment of Railway Commissioners Received by Manufacturers' Association Yesterday

VANCOUVER, Oct. 20.—Involving a saving of at least \$2,000,000 annually to shippers and consignees of British Columbia, and marking another satisfactory step in British Columbia's fight for equalization of railway freight rates, judgment has just been handed down by the Board of Railway Commissioners at Ottawa, placing British Columbia on the same rate basis as that prevailing between Fort William and Winnipeg.

Announcement of the Board's ruling was received here today by Secretary Hugh Dalton of the British Columbia division of the Canadian Manufacturers' Association.

This ruling will mean a reduction in freight costs on every car passing between Pacific Coast points and points as far east as Calgary of between \$50 and \$60.

Expert Testifies

Giving evidence here today on Western freight rates as they affect British Columbia, before the Board of Railway Commissioners, W. L. Miles, a former railwayman, and lately traffic manager for an Eastern Canadian manufacturing firm, who stated that he was a traffic expert of thirty years' experience in Central and Eastern United States, and Eastern Canada, said that railway freight rates as applied to British Columbia were exceptionally high as compared with other districts.

In answer to a question he said that they would be from 25 to 100 per cent higher and on the longer haul particularly. The minimum of commodity rates was higher than in most other places in Canada.

Today's session was taken up with the submission of further evidence of local industrial leaders, showing that with a reduction or elimination of the mountain scale of rates, the business of British Columbia could be largely increased by the widening of the Prairie markets. Figures taken from existing freight tariffs and submitted by witnesses showed that on basis of freight, Eastern manufacturers and distributors had a decided advantage.

Coming to Victoria

The Vancouver hearing was adjourned this afternoon, and the Board will go from here to Victoria, where it will hold a one-day sitting on Monday, after which it will visit Kamloops and Nelson.

Dutch Delegation Bails

THE HAGUE, Oct. 20.—Holland's delegation to the Washington Disarmament Conference, headed by Foreign Minister Van Karnebeek, is expected to sail next Tuesday.

TWO PRISONERS MAKE ESCAPE FROM JAIL

VANCOUVER, Oct. 30.—Police today are scouring the city in search of Arthur A. Williams and Arthur J. Carral, two prisoners charged with

breaking and entering, who made their escape from the city jail on Wednesday evening. Seen bare, a broken window screen and a rope of knotted blankets were all the men left to tell the tale of their break, which was discovered shortly after 7:30 p.m. A few minutes after it had been effected.

FAMOUS EDITOR'S LIBEL ACTION

Court Crowded With Spectators to Hear Horatio Bottomley-Bigland Libel Suit in London

LONDON, Oct. 30.—The court was densely packed to hear the proceedings relating to the Horatio Bottomley-Bigland libel action, which was resumed yesterday.

Mr. Bottomley, M.P., and publisher of John Bull, bases his action on a pamphlet in which it is alleged he was accused of attempting to defraud the public in connection with his "Victory Bond" Club.

Many dramatic moments occurred when a long chain of questions were being put to Bottomley by Bigland's counsel.

"Never, never, never," was Bottomley's repeated answer to questions which sometimes suggested that he had been a party to collusion in the libel action.

Payment for Lectures

Pressed by counsel regarding payment for patriotic lectures delivered by him in music halls and elsewhere during the war, the complainant declared that the surplus, after the deduction of expenses, went to the John Bull Soldiers' and Sailors' Fund.

Bottomley indignantly repudiated the suggestion that he had once declared in a music hall that he was not receiving a penny for the lecture, although at the time he had a cheque for the lecture in his pocket.

A sharp passage developed between the magistrate and Bottomley's counsel, Sir Ernest Wild, who rebuked by the magistrate, threatened to withdraw from the case if not allowed to "protect his client."

The case was adjourned after Bottomley had declared his intention of not producing the books in connection with the Victory Bond Club unless the court especially ordered, to which the judge replied: "The books ought to be produced. I shall draw any inference I like from their non-production."

Immense crowds assembled outside the court and had to be controlled by the police. The majority cheered Bottomley when he emerged.

CONVICTED MURDERER ATTEMPTS SUICIDE

ROSEBURG, Ore., Oct. 30.—Dr. R. M. Brumfield, convicted by a jury in the circuit court here yesterday of first degree murder for the killing of Dennis Russell, July 13, cut his throat shortly after 9 o'clock tonight in an attempt to end his life. The sheriff found Brumfield lying on his cot in the jail cell, with his throat cut and semi-conscious. A physician was hastily summoned to determine the extent of his injuries.

JURY SAYS "NO BILL" IN VANCOUVER CASE

W. D. Grant, Charged With Manslaughter for Death of Woman in Auto Accident, Is Freed

VANCOUVER, Oct. 30.—The grand jury this morning brought in a "no bill" in the case of W. D. Grant, Vancouver contractor, who was charged with the manslaughter of Gertrude Garland. This means that Mr. Grant will not come up for trial but, is freed of the charges.

The case arose out of an automobile accident. Grant was driving the car which carried Miss Garland, Midge Sawyer, of Seattle; her sister, Mrs. Hewitt, and two or three men. The car smashed into a telephone pole and Miss Garland subsequently died from injuries received. Grant was arrested, charged with manslaughter and committed for trial. The action of the grand jury now frees him.

Mr. Justice Gregory, who was informed of the jury's decision, in this and some other cases by the foreman, expressed criticism at the way in which, he said, the grand jury was "trying" cases. In two or three instances where deaths have occurred, "no bills" have been returned. His Lordship felt that, instead of considering the presumptive evidence and merely deciding whether there was sufficient evidence to justify a trial, the grand jurors were themselves trying the cases.

POLICE SEARCH FOR MAIL THIEF

Lone Bandit Who Held Up Express Messenger Thought Same Who Robbed Express at Tofield

MOOSE JAW, Oct. 30.—While the mounted police and Provincial police are combing the district in search of the unknown bandit who robbed the express messenger on Train No. 4, on Wednesday morning, an investigation is being held here today by Supt. Gordon, of the Dominion Express Company, of Winnipeg. There were no fresh developments further than that certain facts lead to the conclusion that the man who pulled off the job on No. 4 is one and the same man who robbed the C. N. R. express at Tofield, Alberta, on September 22.

Loss Is \$3,900

The intimation carried in dispatches during the night that the loss was in excess of \$1,000 and under \$10,000 was given categorical denial by the express company officials and the chief of the investigation department of the C.P.R. The actual amount missing was stated to be in the neighborhood of \$3,900. It was also denied that there were any bank remittances in the safe. There is, of course, the possibility that further investigation may disclose the loss of more. This would be possible if the robber made off with the parcels and the waybills as well. As the waybills have been checked and the empty envelopes left in the car, it is not believed that the loss will be increased. No arrests of suspects have been made thus far.

As the waybills have been checked and the empty envelopes left in the car, it is not believed that the loss will be increased. No arrests of suspects have been made thus far.

Loss Is \$3,900

The intimation carried in dispatches during the night that the loss was in excess of \$1,000 and under \$10,000 was given categorical denial by the express company officials and the chief of the investigation department of the C.P.R. The actual amount missing was stated to be in the neighborhood of \$3,900. It was also denied that there were any bank remittances in the safe. There is, of course, the possibility that further investigation may disclose the loss of more. This would be possible if the robber made off with the parcels and the waybills as well. As the waybills have been checked and the empty envelopes left in the car, it is not believed that the loss will be increased. No arrests of suspects have been made thus far.

PREMIER MASSEY WINS APPROVAL

New Zealand House of Representatives Endorses Imperial Attitude of Prime Minister

LONDON, Oct. 30.—A Reuter dispatch from Wellington, N.Z., states that a debate in the New Zealand House of Representatives on Imperial matters yesterday closed in atmosphere of general approval of Premier Massey's attitude. A small group of labor members criticized the Anglo-Japanese alliance and objected to any alliance involving the possibility of war commitments. On the naval question a strong feeling prevailed that the Dominion must shoulder its fair share of the burden of naval defence.

FARMERS WANT TOWN SUPPORT

Progressive Candidates Plead for Harmony Between the People of Cities and Farmers in Coming Elections

WINNHAM, Oct. 30.—Hon. T. A. Cresser, leader of the National Progressives, addressed the electors of North Huron at a meeting held here this afternoon.

J. W. King, Progressive candidate in North Huron, said that the farmers wished to be on the best of terms with the people of the town.

"I plead honestly and earnestly for harmony," he said, "between farmers and townpeople."

Drury Government Pleas
Andrew Hicks, U. F. O. whip in the Ontario Legislature, claimed that the cities, and especially the city of Toronto, were pleased with the effort the Drury Government had made in administering the affairs of the Province. Mr. Cresser, the man who fought the Winnipeg exchange and other grain trusts, he said, was able to give the country a good business administration.

"If," queried A. Amos, Progressive candidate in North Perth, "protection in the life of industry, why were unemployed men standing in the bread lines of Toronto last winter?"

STORY OF WOMAN'S HEROISM IS TOLD

Walked for Miles Carrying Body of Dead Child to Grave Dug by Her Own Hands

NORTH BAY, Ont., Oct. 20.—The story of a woman walking for miles through terrible mud to lay the body of a dead child of a settler into a

ECZEMA is a skin disease which is often caused by the use of cheap toilet soap. It is characterized by itching, redness, and the formation of small blisters. It can be cured by using Cuticura Soap and Ointment. Cuticura Soap is made of purest materials and is the only soap that is both gentle and effective. It is sold in all drug stores and by mail for 25c per box. Cuticura Ointment is sold in all drug stores and by mail for 25c per tin.

grave dug with her own hands, was told during yesterday afternoon's session of the Women's Institute of the North, which closed their convention here last evening. The heroine of the narrative was Mrs. A. H. Willet, of Cochrane, who was interrupted during her recital of the need of help among the northern settlers by a delegate to the convention, who told the audience of the work which Mrs. Willet has carried on for years, practically without recompense, aiding the families of settlers in the Cochrane district.

Anti-Lynching Bill
WASHINGTON, Oct. 20.—The Dyer Anti-Lynching Bill, imposing heavy penalties on persons involved in mob action resulting in the taking of life, was ordered favorably reported by the House Judiciary committee today.

Sir Lomer Gouin Says Harmonious Development of English and French Races Makes New Nation

KINGSTON, Ont., Oct. 20.—The harmonious development by the two great races, English and French, of their joint heirloom, Canada, to a of the keynote of the address of Sir Lomer Gouin, K.C.M.G., in receiving the degree of LL.D. from Queen's University at the Autumn Convocation ceremonies here last night. "God has destined us to form links of the same chain and to weld together into a new nation the best qualities of England, Scotland, Ireland and France," said Sir Lomer. The past teaches us that we have much in common, that the rivalries of old between England and France do not require the offering of our two races to consider each other as hereditary enemies. We must retain from the past only its lessons of devotion and courage. To whatever race we belong, and whatever faith, party or class, we must try with all our heart and soul to realize in fact the national unity of the English Dominion and give our country more than a sentimental unity, to make it actually one and indivisible.

"Any man in Canada who does not treat upon equal terms the French-Canadians, because they descended from another race, any man who does not grant upon all his fellow-countrymen, the fullest measure of fair play is not a good citizen because he does not work toward that harmonious development."

ECHO OF SALARY INCREASE HEARD

(Continued from Page 1)

K. C. MacDonald, Liberal member for North Okanagan, to Mr. Pooley.

Speaker Intervenes
Mr. Pooley protested to Mr. Speaker against Mr. MacDonald's remark and demanded that the latter withdraw it. Mr. Speaker, however, stated he had not heard the remark, but if it had been used he would require the member for North Okanagan to withdraw it, which Mr. MacDonald expressed his willingness to do.

"I signed that round robin and I stand by it," declared Mr. Pooley, who held, however, the Premier or the Minister of Public Works should have informed the House of the wage reduction. He quoted from a letter written by Premier Oliver to the secretary of the O. V. W. A. in which the Premier had denied information concerning the wage reduction had been kept from the House. But that was actually what had occurred, Mr. Pooley asserted, and it was unfair to allow the Government supporters, but to the opposition.

Premier Oliver rose to remark that he had the journals of the last Legislature before him and he saw no question had ever been asked of the Government relative to wage reductions.

Mr. Pooley maintained that the member for North Vancouver (Mr. Geo. S. Hanes) had asked the Premier whether it was a fact that the cut of seventy-five cents per day had been ordered by the Government, and Mr. Hanes had received no reply.

"There is a proper method of asking for information. I repeat most strongly the suggestion that the Government has kept back information from members," said Premier Oliver. Mr. Hanes interjected to state: "I intentionally asked both the Premier and the Minister of Public Works if, in increasing their own salaries, they were at the same time reducing the wages of the workmen, and I got no answer."

Congratulations Mr. A. M. Paterson, Liberal member for the Delta, on finally consenting to second the motion for the Address in reply to the Speech from the Throne and expressing wonder how it happened to be that the Delta member had been induced to change his mind. Mr. Pooley suggested that he would like to take off his hat to the "Pooh Bah of the Administration, the Premier."

Excessive Taxation

It had been announced, said the member for Esquimalt, that the Government proposed to wipe out the existing exemptions under the income tax. Were ordinary economy practiced by the Government, such a step would not be necessary. At present the Province, he held, was laboring under excessive taxation and capital is shy and will not come into the Province when such taxation amounts to practical confiscation. He referred to the fact that a small carrier who had in mind is paying no less than fifteen different taxes, provincial and federal, aggregating \$2,500 a year, and which, were it operating in the United States, would be paying but \$150.

"But I suppose we have got to get the money. More positions for party followers must be found, and notes the cost of government has increased from \$1,400,000 in 1916, to over \$2,000,000 today."

CUTICURA HEALS INTENSE ITCHING

Burning On Hands. Could Not Put Them In Water. Lost Sleep.

"My hands were very sore and I could not put them in water to wash them. There were some pimples on my hands, and the itching and burning were so intense that I scratched and irritated them, and I could not sleep at night."

"The trouble lasted two weeks before I tried Cuticura. When I had used two cakes of Cuticura Soap and one box of Cuticura Ointment for about a week, the itching was healed." (Signed) Reginald Dalgie, R. F. D. 2, Port Kent, Maine.

Use Cuticura for every-day toilet purposes. Bathe with Soap, scrub with Ointment, dust with Talcum. Soap 25c, Ointment 25c and Talcum 25c, Sold throughout the Dominion. Canadian Depot: Victoria, 1444 St. Paul St., V. 8. Send for Cuticura Soap wherever without charge.

900,000 today. I see where you propose to spend a Fire Marshal is a safe bet that he will be a strong party follower," said Mr. Pooley, who declared it was a disgrace that such an appointment should be made when the recent Superintendent of Insurance could well perform the duties. He suggested that some money might be saved by curtailing the travelling expenses of Dr. Baker, head of the Game Conservation Board, and said Dr. Baker last year had spent \$1,800 in such expenses. The Government had bought Dr. Baker a fine car a year ago and now had bought him another. He asserted the public is fed up with such extravagance and he scoffed at the outlay of \$400,000 to the Prince Rupert courthouse, declaring such an outlay under existing conditions was not warranted, and he also criticized the Government outlay of \$400,000 to the B.C. Electric Railway Company to compensate it for the outlays required to meet the changed rule of the road. The Province could get along for some time without the change in the rule of the road, he claimed, but perhaps the Government's efforts to squeeze more money out of the people were necessary to carry on further development work on mineral claims owned by Mr. Stuart Henderson, or maybe, to acquire some more Frondes Farms.

People Resentful
"That sort of business stinks in the nostrils of the people of the Province," declared Mr. Pooley, who suggested that the Minister of Lands would be asking for more money for his oil drilling experiments, and he hoped, the Minister would tell the House of the success of those efforts. What with Ministers taking joy rides to the Old Country ostensibly for information which could have been secured at the expense of a postage stamp, it was about time, Mr. Pooley said, that the Government commenced to exercise that economy its members were so wont to talk about in the 1916 election campaign.

"The Minister of Lands comes back from Europe with his pipe dream about our needing immigrants. What is there to offer the newcomer? If he goes to the land and raises an onion a Government official comes along in a fine car and takes that onion away. Instead of people coming to the Province they are actually pulling up stakes and leaving. The Province is burdened with taxation, but the Minister of Lands must have his joy ride to Norway at the expense of the people to find out how to extract heat from a snowball. We have no money for roads, but lots for ministerial joy rides; no money for necessities, and yet when we have a B.C. House in London with all necessary officials, we find that Ministers must rush across the seas to aid those over-worked officials." Mr. Pooley wondered if Dr. Baker's expenses of \$1,800 covering "a famous joy ride" that gentleman made in the Cariboo, maybe the member for Port George could enlighten the House, he suggested.

Mr. Pooley poked fun at the Government over its recent experience in the law courts. First, he pointed out, came the Premier's libel action, with its verdict of twenty-five cents; then there was the Buckworth action against the proprietor of The Vancouver Sun and its verdict of one dollar damages, and finally came the Campbell action, which the jury threw out. It had been suggested, he said, that there should be no session of the Legislature next year, with its verdict of twenty-five cents; then there was the Buckworth action against the proprietor of The Vancouver Sun and its verdict of one dollar damages, and finally came the Campbell action, which the jury threw out. It had been suggested, he said, that there should be no session of the Legislature next year, with its verdict of twenty-five cents; then there was the Buckworth action against the proprietor of The Vancouver Sun and its verdict of one dollar damages, and finally came the Campbell action, which the jury threw out. "Ottawa" hand-power washing machines. Regular \$12.50. Sale price.....**\$9.50**

COUNSEL CHALLENGES ARREST OF ACCUSED

Appeal Taken From Magistrate's Conviction Under Old Prohibition Act on Ground That Police Acted Illegally

The right of the police to arrest without warrant, in cases where neither the Criminal Code nor Provincial Statute has defined such power, was under review before His Honor Judge Lampman in the County Court yesterday, in connection with the appeal of Charles Bright from a conviction by Magistrate Jay under the late Prohibition Act.

Mr. B. C. Lowe raised the question as a preliminary objection going to the entire jurisdiction of the court, either as to the specific alleged offence or the person of the accused. Mr. Lowe's motion to quash the conviction on the ground stated was argued at length by himself for the accused and by Mr. C. L. Harrison for the Crown. Judge Lampman reserved judgment on the point, which His Honor said was a very important one, and the appeal was adjourned until a decision on the motion shall be given.

The accused was charged in the City Police Court last May, under the Prohibition Act, with having liquor for sale at a house on Kingston Street. He was arrested by Police Detectives MacDonald and Phipps, who seized 61 bottles of whisky found on the premises of the defendant. Giving evidence before Magistrate Jay, the detectives said that the arrest and the seizure were made as a result of their investigation of a reported theft of large quantities of liquor from the warehouses of the Outer Wharves of Messrs. R. P. Lithet & Co.

No Warrant for Arrest

At the outset of the trial in the police court, Mr. Lowe asked if any warrant had been issued for the arrest of his client, and was told that the arrest had been made without a warrant. Counsel thereupon raised the objection that the magistrate had no jurisdiction, inasmuch as the Prohibition Act, in that section of it under which the charge was laid, provided that a warrant must be issued for the arrest of persons charged with contravention of the section.

Magistrate Jay overruled the objection of the counsel, tried him in the sum of \$500, and ordered that the seized liquor should be confiscated.

Outlining these facts in the County Court yesterday, Mr. Lowe said that the accused had been made without a warrant, and on that ground would move that the conviction be quashed. Counsel cited many Canadian cases in support of his contention. He argued that both the Criminal Code and the Provincial Statutes clearly and specifically defined the categories of offences in which a police officer might arrest without a warrant. The case at bar did not come within that category; and the counsel would contend that the accused person had thus been illegally arrested, the court had jurisdiction neither as to the offence nor as to the person of the accused.

A Parallel Case

Mr. C. L. Harrison, appearing for the Crown, depended for his argument that the motion should be refused mainly upon a judgment of His Honor Judge Cayley, of Vancouver, who had overruled an objection raised in a parallel case. Judge Cayley was reported as holding that it did not matter how persons arraigned before him had been brought into court, once in court they must stand trial on the charge against them. Mr. Harrison further cited English authorities in support of his contention that the enforcement of law would become farcical if police officers were to be hindered by such objections.

Without defining his views on the argument, Judge Lampman said that there was no doubt that the courts ought not to countenance such a dan-

gerous practice as that of illegal police arrests. British courts everywhere had properly frowned on anything in the nature of "strong arm" work on the part of the police. Illegal arrest was in the same category as the sweating process practised on prisoners by the police in some countries. Such practices had no place in the administration of Canadian law. Judgment would be reserved on the motion of the appellant.

LARGE ORDER FOR STEEL RAILS PLACED

TORONTO, Oct. 20.—Algoma Steel Corporation is in receipt of an order for thirty-two thousand tons of steel rails for the Canadian Pacific Railway, according to news reaching here yesterday. Some weeks ago the same corporation received an order for 25,000 tons from the C.P.R. With these orders the company's plant at the Soo will be kept busy, probably until the end of the year or longer. The industrial outlook at the Soo is now considered much brighter.

TO ARGUE LUMBER CASE BEFORE BOARD

Railway Commission Will Hear Representations of Island Boards of Trade Monday—West Coast Mail Improved

When the Board of Railway Commissioners, under Chairman Frank E. Carvell, sits in Victoria next Monday it will hear an application from the Associated Boards of Trade of Vancouver Island for revulsion of the freight rates in respect to lumber shipments.

The spokesmen for the Boards of Trade will probably include Mr. G. H. Walton, of the Sidney Mills, Ltd.; Mr. J. O. Cameron, of the Cameron Lumber Company, and Mr. W. H. Munro, of the Shalvigan Lumber Company.

The claim of the lumbermen is that high freight rates impose a severe handicap on the industry on Vancouver Island, and that they have not only been unable to compete with American competitors in Eastern markets, which logically belong to Canadian producers, but that they have deprived the railroads of transcontinental freight business by diverting shipments to steamships making use of the Panama Canal route to the Atlantic seaboard. (Whether this differential rate will be discussed has not yet been determined.)

Mr. George I. Warren, president of the Associated Boards, stated yesterday that his organization might protest against the granting of increased telephone rates in Island centres other than Victoria and Nanaimo. Mr. Warren says that the application which resulted in the increased charges being allowed was made in the name of Vancouver Island, Vancouver and New Westminster, and that other smaller cities were not included.

Better Mail Service

The Board's representations to the Federal Government for improved mail service between Port Alberni and the West Coast of the Island have been successful, according to Mr. Warren, who has just been notified that changes will be made in postal arrangements to eliminate the delays that have been experienced in the past.

That he had been quoted rather by the Canadian Government for the Marine sufficiently lower than the existing direct all rail rate, to enable him to ship aboard one of the vessels to Montreal via the Panama Canal and then ship back again to Winnipeg, landing the shipment at Winnipeg for \$9.10 a ton cheaper than they could go directly, was the statement made by Mr. R. W. Mayhew, managing director of the Sidney Roofing and Paper Company, Ltd., of Victoria, before the Railway Board in Vancouver Wednesday.

Rates from British Columbia were so high, said Mr. Mayhew, that it was impossible to compete with the Eastern manufacturer in the prairie market. The result was that the Eastern manufacturer had an exclusive market in the end, but he held the greater portion of the prairie as well.

Referring particularly to the position of his own firm, he said that the economic operation of a paper plant made it imperative to have that plant day and night, but that under conditions attributable largely to the excessive freight rates his firm found it only possible to operate its plant for eight hours, if placed on an equal footing with Eastern competitors he said his company could increase its output approximately 100 per cent, and give employment to at least 25 per cent more employees.

OBITUARY NOTICES

ANDERSON—There passed away on Wednesday afternoon at Jubilee Hospital, at the age of seventy-three years, James F. Anderson, a resident of Cobble Hill. The deceased was born in Ireland, and was a farmer by occupation, and had been a resident of the Province for the past eight years. The remains are resting at the B.C. Funeral Chapel, and will be forwarded Saturday morning to Cobble Hill, where service will be conducted and the interment take place.

FINDLAY—Thomas Findlay passed away at St. Joseph's Hospital yesterday morning. The late Mr. Findlay was 42 years of age, and born in Ireland, and for some time was a seaman on the steamer Gray, but had been ill in hospital for almost a year past. The remains are resting at the B. C. Funeral Chapel and the funeral will take place from there on Saturday morning at 11 o'clock, interment being made in Ross Bay Cemetery.

EARTHQUAKE SHOCK IN PACIFIC RECORDED

SEATTLE, Oct. 20.—An earthquake shock of moderate intensity, probably centred at a great distance southwest of Seattle, was recorded on the seismograph at the University of Washington last night. The shock began at 10:27 p.m., and continued for more than an hour.

SOLDIER MEMBER OFFERS CRITICISM

Continued from Page 1

Municipalities would make no objection, he considered, to any financial aid to the municipalities, and he was willing to agree that it is wise to tax all those who are not paying anything towards the upkeep of the Province, but he very much doubted, he stated, whether there are anyone who is not paying, directly or indirectly, and if was certain that some are paying far beyond their capacity.

Running Behind

"It appears we are running behind and I do not envy the Government its task of legislating to provide financial means for those municipalities who find themselves in difficulties," said the member for Kaslo, who was certain that the people of the Province would be delighted to hear that no more money was required for the P.G.M. project. He expressed his regret that he had been unable to participate in the recent Legislative trip over the Government-owned line owing to previous engagements.

Colonel Lister was also glad that the Government had at last reached a decision to carry through the construction of the transprovincial highway and had finally decided as to the route to be followed. Much had been heard of the project, and it was about time that something definite was given to the House of the Government's intentions. The linking up of the Coast and Interior road systems would prove a decided asset to the Province, it would attract tourists and give them opportunity to see the resources of the Province. But, he held, the Government should not forget the struggling agriculturist. In his own district there are sections where the farmers cannot get their produce to market owing to lack of roads.

In this connection Colonel Lister stated he had not been able to ascertain how much of the appropriation made last year for roads has been spent. The Government had given as its reason for curtailing road outlays the necessity of providing for winter work for the unemployed. He hoped the Department of Public Works would not fail to spend the money in the ridings to which it was allotted.

Liquor Prices

Colonel Lister recalled the promise made to the House last year that the price of liquor would be the same throughout the Province, but the fact remained that such was not the case. The price might be the same at the various liquor stores, but Interior points found they were being mulcted express charges, and that had proved to be a heavy tax levied upon the people in the outlying sections.

Emphasizing the need of immigration of the right sort, and congratulating the Minister of Lands, Hon. T. D. Pattullo, who, he felt, has the right idea in that only by settling up the Province could its future progress be assured, Colonel Lister, at the same time expressed doubt whether any such policy could be carried into effect by the present Government in view of its record in the matter of land settlement.

"Absolutely rotten," was the way the member for Kaslo described the Government's settlement policy. In fact, he doubted if the Government actually possessed any policy.

There are settlers in this Province who have been here for years, who went overseas and came back anxious to go back on the land, and this Government promised to assist them. Very few of the promises made to those men have been carried out, and I doubt very much if it was ever intended by the Government that they should. The utter, absolute failure of the whole soldier settlement plan of this Government is painfully evident. There has been no properly thought-out plan, and despite the promises made, the Government, apparently, never did have a single idea of what it was going to do. At Camp Lister but fifty per cent of the men remain. They went there in good faith, worked hard and were promised much, and yet not a man has a scratch of the pen to show he can stay there. Those men have secured the Soldier Settlement Board qualifications, but we find that today the Provincial Land Settlement Board refuses to deal with the Federal Board, the reason given being that this Province cannot afford to turn over the lands at the appraisal price fixed by the Federal authorities.

Must Aid Soldiers

Colonel Lister was willing to admit that about the only cause of complaint the returned soldier settlers at Camp Lister had was the charge of seven per cent on loans, but he held that despite the fact that there in excellent land in that settlement area, it takes time to grow fruit trees, and irrigation is required, and the men must be assisted by the Government by an extension of the period during which they are not called upon to make payments of interest. He held that the soldier settlement policy was one of the best colonization plans ever launched in Canada and would have proved successful had its operations been properly managed. But the men had not received fair treatment, and he would suggest to the Minister of Lands that before he started bringing in settlers he must see that once they come they are given a square deal. He recalled how, at the last session of the House, the promise of cheaper stump pulling powder for the farmers was made, and yet the fact was that while powder was being supplied by the Government at a rate of \$12, the Canadian Explosives Company was selling it to members of the "United Farmers' organization at \$9.35 per box, subject to a rebate, which made the net price \$4.85. There was one illustration how the Land Settlement Board was helping the farmers, he said. Conditions at the Creston settlement, he stated, were disgraceful. The Land Settlement Board was turning over the lands to the men at \$60 per acre, a fair price, but the same board was selling land to other individuals on long terms at a little over one-half that amount, and much nearer railway transportation.

"I recall the Government in 1914 promised to abolish patronage, but the fact is that patronage in my district is everywhere evident; conditions are rotten. If a storekeeper, a garage man or other person is not a good Liberal he gets none of the money expended by the Government in the riding." He held that public money should be distributed among all the merchants and not alone among party supporters.

LONDON, Oct. 20.—King George announced that owing to the great need of economy His Majesty cannot afford to fit out the royal yacht Britannia for the yacht race next year. "This is a great disappointment," His Majesty says, "as there is no sport the King enjoys more."

Exceptional Millinery Values

Two groups of splendid values that make it profitable for you to shop here today or tomorrow.

Excellent Concert—An appreciative audience enjoyed a fine musical entertainment given last night in St. Columba Church, Oak Bay, under the direction of the board of managers of the church, Rev. T. McConnell, the pastor, presided. Instrumental solos were rendered by Mrs. Isabel Collier and Mr. Robert Riecken, while vocal renditions by Miss Evelyn Buckler, Mr. I. U. Conyere, Mr. George Guy and Mr. Morris Thomas were heartily enjoyed. A social was held for the assisting artists at the conclusion of the evening's programme.

City and District in Brief

Service at Outwood—Living service will be held in the Happy Valley schoolhouse on Sunday next at 8 p.m., at which a preacher will be the Rev. H. Pearson, Rector of Outwood.

Recital at Outwood—The Harmony Orchestra supplied a very excellent musical programme last night at the dance given by the Recitalists at the Outwood and Labor Hall.

Rummage Sale—Under the auspices of the Strathvale Women's Institute a rummage sale will be held tomorrow at the corner of Broad and View Streets, commencing at 10:30 o'clock.

A Correction—The amount netted from the recently held Kumtuka Club dance at the Alexandra House was erroneously stated in a previous announcement. The correct amount is seventy-five dollars.

Commercial Travellers—The Commercial Travellers (Victoria Council) will meet tonight in the A.O.F. Hall, 1421 Broad Street, at 8:15. Several initiatives will be carried out and a good attendance is asked for.

Lecture on Logging—A lantern lecture on the subject "The Logging Industry From the Old to the New" will be given at the Royal Oak Hall this evening by Rev. Mr. Antle, of the Columbia River. The lecture will be given at the Royal Oak Hall, 1421 Broad Street, at 8:15. Several initiatives will be carried out and a good attendance is asked for.

Band to Play at Store—In connection with the celebration of Trafalgar Day today the brass band of the Royal Naval Brigade will play at the Hudson's Bay Store this afternoon. The band will march to the store at noon, play outside and then lunch at the store restaurant. During the afternoon it will play on the mezzanine floor.

Liberal Leader Coming—Information received by Mr. E. J. Myers, organizing secretary of the British Columbia Liberal, is to the effect that Mr. Mackenzie King, the Liberal leader, will make a tour of this Province in about the latter part of the month. He will speak in Vancouver, Victoria, Nelson and Cranbrook, but nowhere else as his itinerary through the Dominion is such a lengthy one that he will be only able to spare a short time in this Province.

Naval G.W.V.A.—The regular fortnightly assembly of the Reginald Naval Branch of the G.W.V.A. (War Veterans' Association) will be held tonight, at 8 o'clock, in their quarters, Bastion Street. A report from the organization's delegates to the provincial annual conference will be presented, and other important matters will be discussed. All members are requested to be present.

Police Board Meets—Routine business was dealt with at a meeting of the Police Board, which was held last night at a fifteen-minute meeting of the Board of Police Commissioners. Owing to the absence of Commissioner Ernest A. Hall, all committee matters were laid over until this afternoon, when an adjourned meeting will be held. At the conclusion of the session Mayor Forster and Commissioner North examined some of the police uniforms. They will submit a recommendation to the Council.

Dental Clinic—The Sanitex War Memorial Health Centre has opened its dental department and is ready to attend to the school children of Saanich. A small charge is being made at present to offset expenses. Parents wishing dental service for their children should apply to the Health Centre or to the school nurse. Dr. H. J. Henderson is in charge of this department. The clinic will be open in the mornings from 9 until 12.

Judge Murphy's Engagements—Mr. Justice Murphy, who presided at the Victoria Assize Court, which was adjourned sine die yesterday, announced in Chambers that he would be leaving for Nanaimo next Monday afternoon and would preside at the Nanaimo assizes next week. Mr. Justice Murphy will hear applications in Chambers here on Monday morning. For the rest of the week it is probable that no applications in the Supreme Court will be heard.

Native Sons of Canada—A largely attended meeting of the Victoria Assembly No. 1, Native Sons of Canada, was held last night in the Belmont Building with Premier William Ives as the guest of honor. The executive committee reported on the progress of the organization since the last meeting. The incorporation of the society under a Dominion charter. Considerable satisfaction was expressed by members in the progress of the organization's football team in the city soccer league.

Children's Dance—A dance for children will be given in the Assembly Hall of the Vancouver Street School on Friday, Oct. 28, the proceeds to go towards the milk fund. The young people will hold the floor from 7 p.m. until 9 p.m., when the grown-ups will take over and continue until midnight. Two prizes will be offered for girls and two for boys, as follows: Best dressed girl, most original girl, and best original boy, and most original boy character.

Labor Candidate—Mr. W. E. Felce, who was one of the defeated candidates here in the last provincial general election, was chosen last evening to stand in Victoria as the Labor candidate in the coming Federal contest by a meeting of representatives of the O. U. U. and the Federated Labor Party and of outsiders. There were eighteen people present, and eight of them voted on the resolution that a labor man be placed in the field, the vote being 5-3. The names of Mr. Felce was the only one placed before the meeting.

Seek Tax Abolition—Abolition of the tax on liquor was urged upon Premier Oliver yesterday afternoon by a delegation representing amusement enterprises in Victoria and Vancouver, headed by Mr. Frank Patrick and composed of Messrs. George Pantazis, Alex. Royal and J. Billings, of Vancouver, and Mr. R. Jameson, of Victoria. Premier Oliver promised that full consideration of the suggestions would be given, though he held out no hope that the asked-for abolition of the tax would be granted.

To Give Boys Good Time—The boys of the Margaret Jenkins, the Oaklands, the Quadra Street and the Kingston Street Schools will be the guests of the Y. M. C. A. on Saturday afternoon, in pursuance of the policy adopted by the Association of entertaining all school boys in the city over the age of twelve on Saturday afternoon. The programme will consist of many games on the gymnasium floor, basketball, relay swimming races, a pleasure swim for all, and a moving picture exhibition.

Prohibition Meeting—The Prohibition Association met in camera last night to consider resolutions to be forwarded to the convention being held next week in Vancouver. The point as to whether the press should or should not be admitted had not been decided up to the time a Colonial reporter appeared on the scene, where the matter was put to the vote, and although a member voiced the view that the meeting was a public one and reporters should be admitted, the majority opinion, expressed by a show of hands, was to the contrary.

Italian Assault Case—Charles Long and Raphael Panandrea were arraigned before Magistrate Jay in the City Police Court yesterday on a charge of assaulting Joe Blum, 15th charge. The case was adjourned until this morning, in order that the missing persons might be summoned to court. All the persons concerned are Italian.

Hillside Scouts—The boys of the Hillside Troop and Pack Boy Scouts are giving their first concert at their headquarters, Centennial Methodist Schoolroom, George Road, tonight. The programme is entirely made up of the Troop and Pack talent, and some very good items are promised. The proceeds are for the troop funds. To enable the purchase of uniforms and equipment for the boys, and to assist the boys to get to camp next summer. Admission tickets may be had from the boys or at the door. The programme is to start at eight o'clock.

Taken to Penitentiary—Nick Bamford, sentenced in the Assize Court last Wednesday by Mr. Justice Murphy to a term of three years' imprisonment, left Victoria for the Mainland in the custody of Provincial Police Constable McPhail. The prisoner was convicted of setting fire to the house of Mrs. Olga Drayman, Roderick Street, Saanich, on August 14 last. Mrs. Drayman and her two little children were alone in the house sleeping when the fire awakened them in the night and barely escaped with their lives.

Bank Clearings—The total bank clearings for the week ending October 30 (this year) was \$2,131,005, while for the same week last year the total was \$1,906,118. For the second week running, clearings of the Dominion clearing houses have shown an improvement in the total weekly clearings this year over that of the same period a year ago. Last week Victoria and two other cities showed total clearings this year in excess of a year ago, while this week the number of cities in which this feature is shown is eight, which would seem to indicate that business throughout the Dominion is on the up-grade.

Illness Retention—Jack Henderson, fisherman and waterfront man, was fined in the sum of \$15 by Magistrate Jay in the City Police Court yesterday for retaining possession of a boat's bilge pump belonging to Edward M. Montesi, employee at the waterfront tanks of the Imperial Oil Company. The defendant said that he had taken the pump to clear his own launch of water and had intended to return it. He had been 24 years in and around Victoria and had never been in trouble before. Magistrate Jay said that the defendant must realize that what he had done was criminal in the eyes of the law, but in view of the defendant's good reputation the court would only impose a fine.

Gaelic Society Meeting—At the Gaelic Society's regular monthly social and dance held on Wednesday evening at the Orange Hall, Courtney Street, there was an exceptionally good programme of Scottish and Gaelic songs. Mr. Norman Macdonald presided, with Rev. Dr. John Campbell, the society's chaplain, at his left on the platform. Dr. Campbell spoke a few words, showing his appreciation of the Scottish ideals and history. Among the artists who took part in the programme were Miss Peat, Mr. and Mrs. F. M. Duncan, Mr. Hudson, Mr. J. Taylor, Mrs. Jameson, Miss McIntyre (Highland dancing), Pipe-Major Donald Cameron and Mrs. Riddard provided the instrumental music.

"Acmy" Club Meets—A plea to take advantage of the opportunities offered a person in his spare moments was made to members of the "Acmy" Club last night in the Y. M. C. A. In a brief, interesting address delivered by Mr. W. L. Gregory, Charles St. E. Ingersoll, Ont., writes: "I had been troubled for quite a while with indigestion. At times there would be a twinging of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a wanderer, and every time the name of my work my system becomes run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from the medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, and I think it splendid for any one run-down and needs a tonic."

Dr. Chase's Nerve Food, 50¢ a box, all dealers, or Edmanco, Bates & Co., Limited, Toronto

Strength
Strength of muscle does not indicate strength of nerves. On this account many people who look healthy enough suffer from nervous troubles and cannot understand what is ailing them. Sleeplessness and irritability are among the early symptoms. Indigestion and tired feelings soon follow.

Read this letter from an Ontario man:
Mr. W. L. Gregory, Charles St. E. Ingersoll, Ont., writes: "I had been troubled for quite a while with indigestion. At times there would be a twinging of the nerves of my stomach; and I also found it difficult to get a good night's sleep. I am a wanderer, and every time the name of my work my system becomes run-down. I took a treatment of Dr. Chase's Nerve Food, and found great benefit from the medicine. They did me a great deal of good. I have not been bothered at all with indigestion since, and can sleep much better. I have recommended Dr. Chase's Nerve Food to many of my friends, and I think it splendid for any one run-down and needs a tonic."

by Mr. Stanley Brent, Territorial V. M. C. A. Secretary for British Columbia and Alberta, who is in the city on one of his periodical inspection visits. Mr. Brent spoke to the members at the conclusion of last night's supper. He pointed out the difference between recreation and amusement, asserting that the former used men to build up a man, while recreation employed a game to strengthen and develop the citizenship of a country. He deprecated the fact that everyone is becoming an amusement addict, and urged all to think well of how they spend their spare time.

LEAGUE'S PLANS ARE EXPLAINED

Decision of Council Provides for Inauguration of New Regime Over Period of Fifteen Years

PARIS, Oct. 20.—The decision of the Council of the League of Nations on the Upper Silesian question, made public here today, divides the Silesian area in almost equal parts between Poland and Germany as to the number of communes, and provides administrative machinery for the gradual inauguration of the new regime over a period of 15 years. The long awaited boundary line, according to an official communiqué, will follow the Oder River to Niebelsch, assigning twenty-two communes in this southern section to Germany and nineteen to Poland. The line is further traced in detail by the names of villages, the communiqué stating that in the more northerly section Germany obtains twenty communes and Poland twenty-one. North of Lisseau, the frontier will follow the old boundary line to the point where it joins that already fixed between Germany and Poland.

To Insure Peace
To insure continuity of peaceful economic life in Upper Silesia after the partition, the council of ambassadors is urged to take measures looking toward German and Polish co-operation under a general agreement. The administration of private railways is left unchanged, and as for the German railway system, a system of common exploitation is to exist for 15 years.

The German mark is designated as the monetary standard for not more than 15 years.

The customs frontier is to coincide with the political frontier and a customs tariff is provided for.

All inhabitants of the plebiscite area are to be allowed to cross the frontier without formally, until Polish legislation has been established in the area. All Poles living in the German zone and all Germans living in the Polish zone are to keep their respective domiciles over the 15 years. All Poles over 15 years old living in the German zone are to have two years in which to choose their nationality.

A mixed Upper Silesian commission composed of one Polish, one German and one Upper Silesian is to constitute an advisory agency to facilitate application of the decision, which also proposes establishment of a court of arbitration to act in cases of private difference.

TAX COLLECTION FIGURES ISSUED

Saanich Municipality Has Received Eighty Per Cent of 1921 Levy—Collection of Arrears Below Estimate

The municipality of Saanich collected 80 per cent of the 1921 taxes up to October 10, with which date the penalty clause becomes operative. This percentage is a little less than that taken in up to the same time last year.

The collection of taxes in arrears this year was about \$9,000 less than the amount which was included in the estimates, this being due to the further extension of the War Relief Act until next March by the last session of the Legislature. When the estimates were drawn up, the House was then in session, and the Saanich Council did not expect any further extension of the right to appeal to the courts for protection under the war measure.

Of the general, school and debt levy, for 1921, amounting to \$213,123.95, \$176,576.37 was collected.

Delinquent taxes for 1919 and years previous were collected to the amount of \$18,908.77, while of the 1920 taxes in arrears \$24,097.49 was received, making a total of \$41,006.26, while the anticipated collections of taxes in arrears had been \$50,000.

Out of about \$21,500 in waterfrontage tax \$18,000.69 was taken in. Of the local improvement levy \$1,915.14 was collected. There was \$401.68 of percentage additions, \$1,932.10 of interest on arrears, and \$4,080.26 of the \$5,122.00 Ward Seven by-law levy collected.

Further collections will be made before the end of the year. Municipal Clerk Cooper stated last night that the collection of 1921 taxes was entirely satisfactory.

THE WEATHER

Metropolitan Office, Victoria, B.C., at 5 p.m., October 20, 1921.

The barometer is rising on the Coast and fair weather is becoming general, but mild weather continues in the Interior.

MRS. WILSON-JONES TO GIVE RECITAL

DUNCAN, Oct. 29.—Mrs. Wilson-Jones, of Cowichan station, will give a recital in the Odd Fellows Hall, Duncan, on Thursday, October 27. The programme on this occasion will be of unusual interest, as the singer will give several songs which she acquired with the composers themselves. Mrs. Wilson-Jones will have as her accompanist Mrs. Edna Balm, of Cobble Hill.

SUCCESSFUL BANQUET IN FAIRFIELD CHURCH

Sunday School Children and Adults Spend Most Enjoyable Evening—Varied Programme

A splendid banquet was held Wednesday evening at the Fairfield Methodist Church for the Sunday School scholars, parents, teachers and officers, at which about 150 were present. Rev. B. Cook, the pastor, was chairman for the evening, and at 6:30, after the singing of grace, all began without effort, to show their appreciation of the splendid spread before them. The most pleasant part of the programme over, the rest, none the less pleasant, was as follows: A piano solo, by Miss McGee; an address of welcome, by the chairman; a solo, by Miss L. Lockwood; toast to parents and friends, by Mr. Marriott, replied to by Rev. Mr. Frank, of Hampshire Road Methodist Church, with an address on "The Responsibility of Parents to the Scholars"; solo, by Mr. E. Green; toast to teachers and officers, by Mr. Furber, replied to by Mr. A. C. Charlton, Sunday School superintendent; recitation by Miss M. Dyson, and reply to teachers' and officers' toast, by the assistant superintendent, Mr. Wald. An invitation was given to the parents to speak, which opportunity Mrs. Riddell took with the Sunday School every success.

Mr. Van Munster then moved a vote of thanks to the committee for the way in which they had planned and worked the banquet. This motion was seconded by Mr. Dyson, and hearty applause proved the feeling to be unanimous.

SOCIAL AND PERSONAL

Madame Pavlova was given the freedom of the city of Quebec by Mayor Samson on October 15.

Miss N. Nixon of Vancouver, is a visitor to the Capital for a few days.

Captain and Mrs. William Bell and their small son have returned to Vancouver, after having taken up their residence in Vancouver, at Grace Court.

Mrs. Thwaites, of Metehoon, spent a few days in town during the week. She was a guest at the Hospital Ball at the Empress on Wednesday night.

Mr. E. G. Taylor, Dominion Fisheries Inspector, was in the city yesterday. He was engaged in the work of his department here.

Dr. M. Raynor, who is lying ill at St. Joseph's Hospital, is making favorable progress toward recovery, although still not permitted to see visitors.

His Honor the Lieutenant-Governor has graciously accepted of his patronage to the Trafalgar Day celebrations this evening at the Sailors' Home, Vancouver.

Mrs. C. C. Cochrane was a visitor in the city on Wednesday. She motored in from her home at Roberts Point, Sydney, and spent the afternoon with friends.

Mr. Charles Thulin, proprietor of the Willows Hotel, Campbell River, and Mr. G. H. Francis, of Campbell River, were visitors in the city yesterday on their way to Vancouver.

Mr. and Mrs. Thomas E. Hopkins (nee Miss Florence Smith, of Victoria), were visitors to this city yesterday from the Sound, and left last night for Vancouver, where they will make their future home.

Mr. F. A. Wylie, of Vancouver, has been appointed assistant manager of the Canadian Bank of Commerce in Victoria, and will take up his residence here in the near future. Mrs. Wylie has already arrived in the city and is staying at the Empress Hotel.

Mr. Hinchfield, of the Coughlin shipbuilding firm, of Vancouver, who spent several days here, returned home on the night boat on Wednesday. He was busy in the interest of the firm's ship, City of Victoria, which was in the dock at Esquimalt undergoing repairs.

Sincere sympathy is being extended to Mrs. J. H. Todd, of Fairfield Road, by her many friends on sustaining a fractured leg as a result of a nasty accident in falling down stairs at her home on Wednesday evening. Mrs. Todd was removed to the Jubilee Hospital, where, according to a report received late last

Mrs. WILLIMAN TESTIFIES

Declares Lydia E. Pinkham's Vegetable Compound to Be the Best Medicine for Girls and Women

Hamilton, Ohio.—"I had such awful pains in my back I could hardly stand on my feet and I was never without a headache. If I walked a few steps I would drop and many a time I felt so bad I had to go to bed and I was not able to do much of my housework. I would have been in the hospital every two weeks and dragging down pains. I had been feeling badly for three years and had two of the best doctors in the city, but I kept getting worse and only weighed 125 pounds. I saw your advertisement and took eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets, four bottles Lydia E. Pinkham's Blood Medicine and your Liver Pills and noticed an improvement right away. Now I weigh 185 pounds and feel fine. Everybody tells me how well I look and asks me how I look and I always say, 'Lydia E. Pinkham's Vegetable Compound, the best medicine in the world for any sickness to which girls and women are subject.' I will always have a good word for your medicine."

Mrs. JOSEPH WILLIMAN, 722 South 9th Street, Hamilton, Ohio.

night, she is making very favorable progress.

Mr. and Mrs. A. P. Belton, loco, who were married at Holy Trinity Cathedral, New Westminster, this week, are guests at the Empress Hotel. Mrs. Belton, who, before her marriage, was Miss Nora Dockrill, is a member of the young social set, of the Royal C.N.Y. She was a member of the teaching staff in New Westminster prior to her marriage. Mr. Belton is an official of the Imperial Oil Company at the Burrard Inlet plant.

At the bridge tea to take place this afternoon at the Dallas Hotel, under the auspices of the Ladies' Guild of the Connaught Seamen's Institute, a very delightful musical programme has been arranged, which will include the following artists: Mrs. Clifford Warn, Mrs. Allison, Mrs. F. Wright and Mr. James Hunter, with Mrs. F. Wright as soloist. The proceeds from the affair will be devoted to the Institute, and already a large number of bridge players have signified their intention of being present, while many more are expected at the tea hour.

Charming in every detail was the masquerade dance held last night at the Orange Hall, and of which Miss Emmie Gilman, in a pretty frock representing Autumn; Miss Dorothy Hamilton, in a glow; Miss Charlotte Foote, picturesque as sunshine, and Miss Florence Hall, in a dainty Colonial frock, were the joint hostesses. Invitations had been extended to one hundred and fifty guests, who appeared in fancy costumes with masks and joined in the dancing to the strains of the orchestra. The ballroom was gaily adorned with streamers of gold and green, and trailing ivy. During the evening a buffet supper was served.

Mr. and Mrs. Charles Wrigleyworth entertained at their home, Princess Tuesday evening, in honor of Mr. and Mrs. Albert Jones (nee May Jenkins), of this city. The evening was spent in singing, dancing and card playing, several soloists being rendered by Mrs. Bruce. About twenty-five guests sat down to supper, the table decorations being artistically carried out with baskets of fresh fruit and autumn leaves. During the evening, and Mrs. Jones were presented with a handsome silver cake basket in token of the high esteem in which they are held by several of the officers and members of the Victoria Lodge, No. 1, A.O.U.W.

WEDDINGS

Blake-Poulton

St. John's Church was the scene of a pretty wedding solemnized on Wednesday between Ada Cozance Helen, daughter of Mrs. George Poulton, of Reading, Eng., and H. L. Stanhope Blake, member of the Customs staff and youngest son of Capt. and Mrs. Charles Blake, of Victoria. The bride, who was given in marriage by her mother, looked charming in a dress of white satin, embroidered. She was attended by her maid, Mrs. Muriel, and Miss Ethel Cave as flower girl, while Charles Cave acted as page-boy. There was an assembly of friends present who tendered their congratulations to the young couple, who left on the afternoon boat for the Sound Cities, after which they will make their future home in this city. The bride's traveling suit was of blue cloth with hat en suite, trimmed with blue feathers. The groom's gift to the bride was a solitaire diamond ring, and the bride's gift to the groom was a pin set with pearls. Among those who attended the wedding were Mrs. Cave, Mr. and Mrs. Thomas Todd, Mr. and Mrs. Lander Kinsman, brother-in-law and sister of the bride, with their little son, Hugh Kinsman.

Popham-Lott

A pretty wedding took place at Port Alberni, 1115 Fort Street, in the presence of a number of intimate friends of the principals, yesterday noon, when the Rev. Dr. Campbell celebrated the marriage of Mr. Arthur Edward Popham and Miss Hazel Aleta Lott, both of Victoria. The bride, who was given in marriage by her father, Joseph Lott, looked very pretty in a gown of grey crepe de chine with hat en suite, and carried a bouquet of pink roses. The bride's mother and Mrs. Bertha Hall were matrons of honor, the former becoming gowned in dark silk and the latter in grey satin. Mr. and Mrs. Popham left by the afternoon boat for Vancouver and the Sound Cities. On their return they will make their home in Victoria, where Mr. Popham is engaged in the Customs department.

DRY KILN BURNS AT PORT ALBERNI

Lumber Company Suffers Loss—Fire Brigade and Mill Employees Do Good Work Fighting Outbreak

PORT ALBERNI, Oct. 20.—Fire which broke out in the mill of the Alberni Pacific Lumber Company here this morning, destroyed the dry kiln at the plant and a small amount of lumber which it contained at the time. The monetary loss was not heavy. The origin of the blaze is not known. There was little or no wind which accounted for the fire not spreading. The large steam pump, the property of the mill, aided by the city water supply, enabled the firemen and the mill employees to fight the outbreak successfully. The Port Alberni fire brigade did excellent work and was commended highly by the mill management for its prompt and effective service.

Mr. E. T. Buxton, who is now in charge of the Alberni Pacific Lumber Company's plant, says that plans have already been made for rebuilding the dry kiln, which was destroyed today, and it will be rebuilt in a more modern style and in a better location. The operation of the mill will not be interrupted through the loss as the plant will be kept busy filling orders for rough lumber. The new dry kiln will be in operation in a short time.

The dry kiln destroyed today is the fourth which has been burned down in Port Alberni mills during the last three months.

TENNIS CLUB DANCE

First of Winter Series Will Be Held at Alexandra House on Tuesday, November 15

The Victoria Lawn Tennis Club dance committee are busy preparing for the opening dance of its annual Winter series, which is to take place in the Alexandra Club ballroom on Tuesday evening, November 15, from 8 p.m. to 1 a.m.

For several seasons the Victoria Lawn Tennis Club dance have been among the most popular and enjoyable functions of the kind in the city, and are looked forward to by a large number of people, members of the club and their friends.

YOUNG GIRL'S DEATH

NANAIMO, Oct. 20.—The many friends of Mr. and Mrs. John Dickie, Pine Street, will learn with regret of the bereavement they sustained in the death of their daughter, Margaret Brown, who passed away in the local hospital on Wednesday morning, after a comparatively short illness. Deceased was 14 years of age, was of a lovable disposition and was most popular with her playmates. The funeral, which will be private, will take place from the family residence, 684 Pine Street, on Friday afternoon at 2:30, Rev. Mr. D. Lister officiating.

LANGFORD, Oct. 20.—The Langford Women's Institute will have a garage, beginning October 24, Monday, Tuesday and Wednesday, at 2 p.m., Thursday, Friday and Saturday, at 9 a.m., given by Miss R. H. Robinson, District Director, Home Branch R.S.B. The course is free. Everybody will be welcome. On Tuesday afternoon, before the class, the regular monthly business meeting will be held.

Needed at Dances And the Sea Shore

(Aids to Beauty)
Here is a home treatment for removing hair that is quick, painless and inexpensive: With some powdered talc and water make enough paste to thickly cover the objectionable hairs, apply and after 2 or 3 minutes rub off, wash the skin, and it will be left soft, clear and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real delectable. Mix fresh as wanted. (Adv.)

The Iron Food for Vitality

Hot Fruited Toast

Toast this raisin bread and taste a new delight at luncheon

DAINTY thin slices of crispy, brown, fruit-flavored toast—with or without butter—and a cup of tea. A whole luncheon can be made of it.

There's a daintiness about it that simply cannot be described—you have to try it. Also an important value in it—in the raisins' food-iron—that every woman should know.

Raisins are rich in iron. And it is iron, supplied daily to the blood, that promotes vigorous vitality in women—an irresistible magnetic force which is woman's greatest charm.

You need but a small bit of iron daily, yet that need is vital.

Bright eyes, healthful energy and naturally rose-tinted cheeks are the visible signs of it.

SUN-MAID RAISINS

Use Sun-Maid Raisins, made from California's finest table grapes—American Raisins, processed and packed immaculately in a great modern California plant.

Seeded (seeds removed); Seedless (grown without seeds); Clusters (on the stem). Also a fine, over-ready dessert.

Raisins are cheaper by 30 per cent than formerly—get that you get plenty in your foods.

Delicious raisin bread and raisin pie are sold by bake shops and groceries everywhere. Buy them to save baking at home. Real raisin bread is made with lots of raisins. Insist on it. First-class bakers do not stint.

less (grown without seeds); Clusters (on the stem). Also a fine, over-ready dessert. Raisins are cheaper by 30 per cent than formerly—get that you get plenty in your foods.

DECLARES RUTH IS BIGGEST IN BASEBALL

Yankee Player Says the Babe's Pile
Would Be Paid by Friends No
Matter How Big

CALGARY, Oct. 19.—That the loss of Babe Ruth cost the New York Yankees the world's baseball championship, is the opinion of Nelson "Chicken" Hawks, utility player of the Yankees and former centrefielder of the Calgary Bronchos, who arrived in the city tonight on his way home to Oakland, Cal.

In discussing Ruth's clash with Judge Landis, due to his barnstorm-

ing trip, Hawks stated that the "Home Run King" was the biggest man in baseball today and that even if he was fined \$100,000, his friends would pay the bill.

BARRIEAU LANDS KAYO

MONTREAL, Oct. 19.—Frank Barrieau, Vancouver, scored a technical knockout over Walter Laurette, of New York, when the latter's second throw in the sponge in the fourth round of a ten-round bout here tonight. They were poorly matched and Barrieau led all the way. They were welterweights.

Barrieau claims the Canadian welterweight title.

MISS LETCH WINS SEMI-FINAL ROUND

Will Play Exhibition With Miss
Alexa Stirling, the Former
Champion, at End of the
Month for Benefit Fund

NEW YORK, Oct. 20.—Miss Cecil Letch, holder of the British, French and Canadian women's golf championships, and Mrs. Thomas Huckle, of New York, were winners today in the semi-final round of the Belle Clair Club invitation tournament.

Exhibition Arranged
NEW YORK, Oct. 20.—Announcement was made today that Miss Cecil Letch, British golf star, would play Miss A. Stirling, formerly United States champion, in an exhibition match at the Pelham Country Club, on October 28, for the benefit of Radcliff College Fund.

BLUENOSE PROVEN WORTHY CHAMPION

NEW YORK, Oct. 20.—In an editorial devoted to wishing the United States defender Elsie "good luck" in the race for the International Fishermen's trophy off Halifax next Saturday the Tribune this morning says that for the time it looked as though Canadians might have to fall back upon the Delawans to challenge for the trophy. "But evidently," the paper continues, "judging from Bluenose's performance in the second and winning elimination race on last Monday, when she led the Delawans home by sixteen minutes and twenty seconds, Canada has produced a new worthy champion."

NANAIMO PREPARES TO CONSTRUCT LINKS

R. A. Meakin, of This City, Will Be
the Engineer in Charge of
the Work

Mr. R. A. Meakin, of Meakin & Holdcroft, civil engineers of this city, has received word from Nanaimo that his firm's services are desired at the up-island city in the construction of the new golf links that it has been decided to build there. Nanaimo has long been talking of bringing itself up-to-date by the construction of a golf course, but now work is to go ahead at once on the realisation of the project. The requisite land has been obtained, and Mr. Meakin, who has been over the ground, is of the opinion that it is admirably suited to the construction of a very sporting nine-hole course.

Mr. Meakin is the engineer in charge of the United Services Golf Club and the construction of their new links near the Uplands property, and the layout there is such as to inspire the admiration of all good golfers who know what a course should be. Everyone admits that Mr. Meakin's work on the new Victoria links leaves nothing to be desired, and there can be no doubt that the Nanaimo golf enthusiasts have made a wise choice in securing his services. Plans will be prepared without delay, and the necessary campaign for

RIVERSIDES WIN CHAMPIONSHIP IN ONTARIO LACROSSE

ST. MARY'S, Ont., Oct. 19.—In the final game of the home and home series between St. Mary's, intermediate champions, and Riverides, of Toronto, senior champions, to decide the championship of the O.A.L.A., the former won today's game 8 to 6. Riverides are champions, however, taking the round 17 to 2.

Cambridge Betting
LONDON, Oct. 20.—Following is the latest betting on the Cambridge-shire stakes to be run on October 25: Abbotrace, 13 to 2; Franklin, 10 to 1; Foundation, 100 to 8; Grandcourt, 100 to 7; Lacrosse, 100 to 6, and Holister, 20 to 1.

PRESIDENT IS ELECTED AGAIN

Convention of Veterans Elects
Officials and Appoints Do-
minion Executive for En-
suing Year

PORT ARTHUR, Oct. 20.—Robert B. Maxwell, of Winnipeg, will continue another year as the president of the Great War Veterans' Association. It was decided this afternoon at the annual convention, and will be placed in nomination, and will be elected to the office of president for the ensuing year.

The name of C. G. MacNeil, Dominion secretary-treasurer, was also placed in nomination, but Mr. MacNeil withdrew in favor of the late incumbent, T. Dace, Edmonton, had no opposition in the nomination for first vice-president.

A principle of obtaining legislative action was decided upon early this afternoon and the convention started discussion of lengthy resolutions making pension recommendations. The impact of the legislative resolution is that political leaders and candidates would be requested to go on record in writing, on soldiers' re-establishment requirements and the candidates would be requested to speak in Parliament and elsewhere in accordance with their attitude so stated.

Executive Appointed
The Dominion executive was appointed as follows:
Ian Mackenzie, M.P.P., British Columbia; W. J. Bouterill, Alberta; Norman, Saskatchewan; J. H. Fowler, Manitoba; Rev. C. E. Jenkins, Ontario; R. Costigan, Quebec; S. Boyd Anderson, New Brunswick; G. W. Whitman, Nova Scotia, and Prof. C. M. McMillan, Prince Edward Island.

Political leaders will be asked "if their respective parties would give a written assurance of their support on the retention of the present pension bonus and raising the disability pension at \$1 per cent disability, a reasonable measure of housing for ex-service men; immediate legislation looking towards the solution of the employment conditions; an admission and naturalization policy conducive to employment of Canadians; endorsement of the principle of future Dominion of Canada and Japanese and prevention of sale or lease of land to them; and the endorsement of proper re-establishment of 100 per cent of the returned citizens after adequate investigations."

ELECTING MEDICAL MAN

NANAIMO, Oct. 20.—A second ballot of the surface and underground employees of the Canadian Western Fuel Corporation was held yesterday for the purpose of electing a medical officer for the employees of the company. Applications for the position were invited six months ago, and at the expiration of that time there were thirty-three applicants to be voted on. At a meeting last week all but six of these were eliminated, and these were voted upon at the poll held yesterday, there being 2,316 votes cast, with the following result:
Dr. O. G. Ingham (Nanaimo).....589
Dr. Hall (Vancouver).....299
Dr. W. E. Wilks (Nanaimo).....265
Dr. R. Lane (Nanaimo).....169
Dr. W. H. McIntyre (Nanaimo).....157
Dr. Moore (Victoria).....70
It is understood that it is now the intention to eliminate the three lowest of the above, leaving Drs. Ingham, Hall and Wilks to be again voted on. The one receiving the majority over the other two will receive the appointment. The date set for the final vote will be announced later.

Since motorists have been paying for automobile licenses they have contributed more than \$7,000,000 to the Ontario provincial treasury. The annual payment of fees has grown from \$1,400, in 1904, to over \$1,900,000 in 1920.

Back of the Keystone

The mark which a manufacturer puts on his wares is his guarantee. It is his word to the public that he made the article and stands behind it. At least that is the idea of this house when it puts the Keystone Monogram on school supplies.

merchants, and Mr. Knox Walkem, for shipping men, also protested against the tax, and Mr. W. H. Mackenzie declared the delegation was there not in their own personal interest but in the interest of the whole Province. He believed the personal property tax would so curtail and restrict business that it would eventually cut down the amount of income taxes. He believed the personal property tax was most unfair, and he held that a man earning \$10,000 as a salary was better off, for he paid but the income tax, than the man making the same amount from a business for the latter was carrying a large stock and he had also to pay on his personal property.

In responding to the delegation the Premier referred to the demands of the municipalities for further financial assistance. Recently, he stated, the Government had been able to send the municipal representatives home satisfied but, unfortunately, the people wanted too much and it would be impossible for any one man to understand the people's wishes for three months at a time. He referred to a report drawn up in Vancouver a year ago on the same question. That report recommended many things in connection with taxation which today were being objected to.

The Premier assured the delegation that the Government is doing everything in its power to meet the situation and he could assure them that all their recommendations would receive careful consideration. He asserted the people did not recognize the need for economy, and there could be no real economy unless the public sentiment was behind it.

The latest United States Army tank will develop a speed of 12 miles an hour over broken ground, and 20 miles an hour on ordinary roads without its caterpillar tread. A six-inch gun is mounted in a turret of the land battleship.

Keep the Car Clean
It is a sound method of procedure never to allow dust and dirt to collect in the top, in the interior, on the floor, in the upholstery, or upon any part of the skeleton of the car, says American Motorist. If the owner will remember that each spot of dust or dirt injures the car and shortens its career; if he will understand that one loose bolt, made so by

grit and dirt, caused the collapse of the Quebec bridge, better personal attention will be given by him to the near godliness of cleanliness.

Fifteen out of every hundred tires used are put out of service before they have given 30 per cent of the service originally built into them. If taken in time, Miller tire men say, these tires could be repaired so as to greatly increase their mileage.

More miles—
less money—

USE the correct grade of Imperial Polarine Motor Oils and maximum mileage from your lubrication money is assured. You cannot buy more real lubrication for your dollar than that which you get when you specify Imperial Polarine.

Imperial Polarine Motor Oils cost every moving part with an oil film which cuts down friction drag and reduces wear. They slow up depreciation costs and absolutely eliminate excessive repair bills and carbon troubles. You get more real motoring satisfaction, as well as more miles, for less money if you use, exclusively, the correct grade of Imperial Polarine Motor Oils.

Our Chart of Recommendations shows the grade especially suited to your type of car. Standardize on this grade. Consult our Chart at your dealer's. Our new booklet, "Automotive Lubrication" also contains the complete Chart, besides other interesting and valuable information. Write to 56 Church Street, Toronto, for your copy.

IMPERIAL OIL LIMITED
A Canadian Company—Canadian Capital
Canadian Workmen

FOR A CLEAN EFFICIENT MOTOR

Your crank-case should be drained and cleaned at least every thousand miles. You will get more pleasure out of your car and will materially reduce operating costs if you employ crank-case cleaning service regularly. Dealers displaying this sign give all crank-case cleaning jobs prompt and expert attention. Such dealers use Imperial Flushing Oil. It takes out all grit and dirt and does not impair the fresh supply of oil as would be the case if kerosene (coal oil) were used.

WEST INDIES INVADED BY CANADIAN PACIFIC

Sicilian Will Inaugurate Passenger Service From Canadian Ports in December—Extending Operations

MONTREAL, Oct. 20.—Extension of the services of the Canadian Pacific Steamships, Limited, to the West Indies has been announced by the company, marking the second departure from its old established routes to such ports as Liverpool, Glasgow, Southampton, Havre and Antwerp. The first change, which has proved successful, was the combined service with the Navigazione Generale Italiana to Italy by direct steamships.

The Canadian Pacific liner, Sicilian, will inaugurate the new service early in December, sailing on December 8 from St. John, N.S., for Havana, Cuba, and calling en route at Boston and Nassau, Bahamas. Representatives of the company are now in the West Indies arranging for other ports of call and establishing agencies to handle the business. It is understood that the service will be maintained next season from Montreal, and that other liners will be added if the venture proves sufficiently successful.

The Sicilian, which is of 7,500 gross tons, was formerly in the Montreal-Havre-Antwerp and London service, since her withdrawal several months ago, she has been refitted for the new route.

NO COMPETITION FOR CARGO OF DYNAMITE

SEATTLE, Oct. 20.—When the steamship West Ivan, in the Oriental service of Frank Waterhouse & Co., sails for the Orient on Monday, she will have in her cargo 100 tons of dynamite cargo destined for Manila.

The shipment of explosives is for the United States government station at Manila, yet it has been awaiting shipment for the past nine months. Much preferring other cargo, the operators in the transpacific service have repeatedly passed up the dynamite, and until positive orders were issued from Washington for the consignment to be loaded in the West Ivan, no effort was made to take it outward.

The reason this shipment was passed up is that operators do not relish the delays caused by this shipment. In the Orient, harbor rules require that explosives must be discharged outside the port limits, which

MEANS THAT ON VISITING YOKOHAMA, Kobe, Yokkaichi, Shanghai and Hongkong, the West Ivan must un- load this explosive cargo before entering the ports named, and then pick it up again en route to the next port, where similar proceedings are required until the stuff reaches its destination at Manila.

After all her regular cargo is stowed away the West Ivan will pick up the dynamite at the Giant powder plant, where it has been stored for months.

SAILOR'S FORTUNE IS MYTH AFTER ALL

FAIRFAX, Oct. 20.—Ponsche Lancelotti, the illiterate Neapolitan sailor, who, putting into Dunkirk harbor some weeks ago, learned he had inherited from a long-forgotten uncle in South America, a fortune of over thirty million francs, now discovers he is comparatively a poor man after all.

A friend of the dead uncle, who has arrived at Lancelotti's home at Bayonne, states that the former's estate is only worth about 150,000 francs.

Sicard, which was the uncle's name, owned a sheep farm in the Argentine, with some thousand head, worth about 40,000 piastres in cash. He came to a tragic ending in 1914, when he was murdered, his body being cut up and burned by an assassin.

It is probable that the subsequent winding up of Sicard's affairs by the authorities will have eaten a large hole into the fortune, so that Lancelotti ultimately will only get a few thousand francs.

Still, that is a windfall for a sea rover unable to read or write.

Fortunately he is a philosopher. He said from the start: "I will believe it when I handle the bank notes. But the townfolk are bitterly disappointed at their millionaire sailor is not a millionaire after all. Lancelotti has relapsed from the status of a local celebrity to his former insignificance."

GOVERNMENT SERVICES ARE WORLD CIRCLING

C.G.M.M. and Canadian National Railways Together Offer Exceptional Shipping Facilities

Around the world shipping facilities are now being offered by the Canadian Government Merchant Marine and the Canadian Government National Railways. A package shipped from Vancouver on board a C.G.M.M. steamer might be discharged at Sydney, N.S.W., or at Auckland, New Zealand, placed on board another vessel of the same fleet, carried to Halifax or Montreal, and returned to Vancouver via the Canadian National Railways, thus making a circle of a large part of the world in being at all times carried on property of the Canadian Government.

The same thing would be possible as regards the India and Far East services operated by the C.G.M.M. across the Pacific.

In addition to having steamers available for any and every route, the company has opened up many new regular trade routes and existing ones already existing. It has always shown itself ready to assist the exporter of Canadian goods, and on this coast, with lumber particularly, has been a very useful medium in the building up of trade.

Another instance was the fitting up of special vessels for the carrying of cattle when the demand was urgent. The C.G.M.M. fleet on the Pacific, including vessels about finished by the builders, now numbers fourteen. Six of these are engaged in the Australian trade, three work in the British Columbia-California coastwise service, and the rest ply to the Orient or to India and South Africa.

CITY OF VICTORIA LEAVES FOR FRASER

The steamship City of Victoria, of the Canada Western Steamships, Ltd., of Vancouver, left Esquimalt at 10:30 yesterday morning with Pilot Harris aboard for the Fraser River. She will load a cargo of lumber on the Fraser for the Taku Bar. While in dock she underwent cleaning, painting and minor repairs, with Yarrow, Ltd., carrying out the work. The City of Victoria is commanded by Captain Perry. The Margaret Coughlin is the only one of three ships owned by the Coughlin interests now tied up. The third ship, the City of Vancouver, was chartered recently.

Much preferring other cargo, the operators in the transpacific service have repeatedly passed up the dynamite, and until positive orders were issued from Washington for the consignment to be loaded in the West Ivan, no effort was made to take it outward.

The reason this shipment was passed up is that operators do not relish the delays caused by this shipment. In the Orient, harbor rules require that explosives must be discharged outside the port limits, which

means that on visiting Yokohama, Kobe, Yokkaichi, Shanghai and Hongkong, the West Ivan must unload this explosive cargo before entering the ports named, and then pick it up again en route to the next port, where similar proceedings are required until the stuff reaches its destination at Manila.

After all her regular cargo is stowed away the West Ivan will pick up the dynamite at the Giant powder plant, where it has been stored for months.

NO COMPETITION FOR CARGO OF DYNAMITE. SEATTLE, Oct. 20.—When the steamship West Ivan, in the Oriental service of Frank Waterhouse & Co., sails for the Orient on Monday, she will have in her cargo 100 tons of dynamite cargo destined for Manila.

The shipment of explosives is for the United States government station at Manila, yet it has been awaiting shipment for the past nine months. Much preferring other cargo, the operators in the transpacific service have repeatedly passed up the dynamite, and until positive orders were issued from Washington for the consignment to be loaded in the West Ivan, no effort was made to take it outward.

Nelson: the Hero of Trafalgar

By M. Ida New

"England confessed that every man that day had done his duty."

One hundred and sixteen years have passed since the great victory of Trafalgar and the death of Vice-Admiral Horatio, Viscount Nelson. Year by year British sailors gather round the great Nelson monument, there to place their laurel wreaths and bow their heads, in token of the affectionate memory which still lives in their hearts, the memory of one of the greatest heroes of the British nation.

It was on October 21, 1805, that Nelson fell, but as we think of how heroically he died for his country, we remember that all his life was spent for it, too.

"Was it thus that he plodded ahead, Never turning aside? Then we'll talk of the life that he lived— Never mind how he died."

The story of Nelson fills the reader with admiration for the brave spirit which animated as delicate a frame. As a boy he was a weakling, totally unfit physically for the hard life of the Navy, but by his own request he was sent to sea at the age of thirteen. He had received no training in nautical matters before this, and, indeed, his ordinary school education was not extensive. He had everything to learn, but his was the mind to

receive the knowledge he craved, and he proved an apt pupil. During a voyage to the West Indies in a small merchant ship, after a few months on board his uncle's man-of-war, the young sailor found his sea-legs, and returned to England with strong prejudices against the Navy. In the merchant service there was greater freedom as well as better pay, more chance of promotion, and less of the inhuman cruelty which was practised in the Navy at that time under the name of discipline. However, the Navy had been the lad's ambition, and thanks to his uncle's interest in his welfare at this time, he soon settled down to the life he had chosen.

Victim of Ill Health. All his life Nelson suffered frequently from ill health. It was during the severe illness which resulted from eighteen months in the treacherous climate of the East Indies that the spark of his highest ambition was kindled. During the voyage home, which was most tedious and trying, he gave way to the feeling of deepest despair. How could he, with practically no influence and so great a physical handicap—overcome the sea, which was most tedious and trying, he gave way to the feeling of deepest despair. How could he, with practically no influence and so great a physical handicap—overcome the sea, which was most tedious and trying, he gave way to the feeling of deepest despair. How could he, with practically no influence and so great a physical handicap—overcome the sea, which was most tedious and trying, he gave way to the feeling of deepest despair.

From the start Nelson was keen at his work, being rated midshipman on board the Seahorse at the age of fifteen, purely on account of his proficiency and his alert attitude of mind. At this early stage of his career he proved himself capable of manoeuvring the ship, and the officer of the watch often allowed him to give orders as though he himself were actually lieutenant. The keen interest he always took in every branch of his profession enabled him to rise rapidly, and at the age of twenty-one Nelson was a Commander.

Yet with all his useful work abroad, and in spite of his inefficiency, he was not by any means always appreciated, nor did he always meet with the just reward of his services. For five long years he lived in retirement and poverty in a country place, waiting and longing for the authorities to grant him some appointment. Later, when he had distinguished himself in much service, he stated on one occasion: "From my earliest youth I have been in the Naval service, and, (in two wars) have been in more than 148 skirmishes at sea and on shore, have lost an eye and otherwise blood, fighting the enemies of my king and country; and God knows, instead of riches, my little fortune has been diminished in the service." But, although Nelson's country felt his country's temporary ingratitude, the neglect which he experienced at times did not tend to destroy his ambitions. He continued to follow his star, overcoming all obstacles.

The battles of St. Vincent, Copenhagen and the Nile brought great fame to the name of Nelson, and last of all was the victory of Trafalgar, which was bought at a price that every Briton equated dear—the cost of their hero's life. Nelson was admired by his seamen for his bravery and skill, but he was beloved by them for his sympathy and understanding. He always considered the feelings of others, and even in his property no man's affairs were beneath his notice. The following story will serve as an illustration: When the last mail for England had left the Victoria before the battle of Trafalgar, one of the men found that the letter he had written to his wife was still in his pocket. As he was explaining this unfortunate fact to an officer, Nelson observed his agitation, after inquiries into the matter personally, the Admiral ordered the mail-

boat to be recalled, and the letter was sent.

His Fortitude

When wounded, Nelson, who had gained much of the finer sort of patience during much illness, bore himself with the greatest fortitude, and insisted upon waiting his turn for the surgeon's attention. It is said that when he was being carried below after receiving his death-wound, Nelson covered his face and the decorations on his breast, so that his men might not recognise their Admiral and lose heart.

It is of interest to British Columbians to remember that amongst the officers of the Spanish fleet which engaged in the battle of Trafalgar were two of the early explorers of this coast. Captain Don Dionisio Alcalá Galiano was in command of the Bahama, a vessel of 74 guns, which was captured by the British and taken to Gibraltar. Commodore Don Cayetano Valdes was on board the Neptuno, 80 guns. Thirteen years before this Galiano and Valdes were engaged in exploring amongst the islands of the Gulf of Georgia.

Nelson's friends had tried to induce him to take precautions for his safety, but, as usual, he thought only of his duty. At his post, on the quarter-deck of the Victory, his empty right sleeve and the conspicuous decorations he wore rendered him an easy mark for the Frenchman in the enemy's rigging.

Artist and historian have made Nelson's prayer before Trafalgar one of the best-known incidents in the story of the battle. These were the words which were afterwards found written in his diary:

"May the Great God, Whom I worship, grant to my country, and for the benefit of Europe in general, a great and glorious victory; and may no misconduct in anyone tarnish it; and humanity after victory be the predominant feature in the British fleet. For myself, individually, I commit my life to Him Who made me, and may His blessing light upon my endeavors for serving my country faithfully. To Him I resign myself, and the just cause which is entrusted to me to defend. Amen. Amen. Amen." Whereas Napoleon thought that Christianity was a good thing for his men, he was not good enough to be so good enough.

When the news of the nation's loss, and of its victory, reached England, men were no longer strangers to each other, for the spirit of their hearts were stirred with sorrow for the death of Nelson, and all men were as brothers in the common bond of bereavement. The spirit of Nelson still lived in his Navy, and his loyalty and devotion to duty were but the forerunners of the loyalty and devotion displayed by officers and men in the Great War. The spirit of Nelson has inspired many a young sailor at the outset of his career, and when, on October 21, 1921, the boys of the Victoria Naval Brigade hoist the famous signal of Trafalgar in front of the Parliament Buildings, Nelson's last message will not be repeated in vain.

SPEAKER HOLDS UP

MOTION OF MR. BOWSER

Opposition Leader's Request for Investigation Into Liquor Administration Too Strong in Some Terms He Rules

Holding that "grave allegations" were made in the notice of motion which Mr. W. J. Bowser, K.C., Conservative leader, filed in the Legislature on Wednesday asking for the appointment of a select committee of the House to probe fully into the operations of the Government liquor department, Mr. Speaker Manson yesterday explained to members why it was that he had refused to allow the notice of motion to appear on the order paper.

Under the existing practice all such notices must first receive the O.K. of Mr. Speaker before being allowed on the order paper, and while Mr. Bowser filed his notice on Wednesday it did not appear on the order paper yesterday. In giving his ruling Mr. Speaker Manson said:

"Yesterday, after the adjournment of the House, there came to my notice a proposed notice of motion in the name of the Honorable the leader of the Opposition. In view of its contents I felt it my duty to give it my most serious consideration as to its compliance with proper parliamentary practice.

"Only under special and serious circumstances do I think that I should withhold from the notice paper proposed notices, it being after all, the prerogative of the House in the past to reject notices of proposed motions. But where the practice is being seriously contravened and opportunity does not offer to bring the matter to the attention of the House, I felt it to be the duty of your speaker to withhold from the notice paper notices of such a character.

"In this case grave allegations were contained which I do not feel should be permitted to appear in the notice paper without the knowledge and approval of the House. I am, therefore, taking the earliest opportunity of bringing the matter to the attention of the House with an expression of my view. It is accepted without question that imputations of wrong doing on the part of ministers of the Crown or private members, or improper conduct or wrong motives cannot be made in debate. The proposed notice of motion not only imputes, but asserts in the preamble

LLOYD GEORGE IS WISE AS SOLOMON

SPRINGFIELD, Ill., Oct. 20.—Contrary to the religious affiliation of David Lloyd George, Prime Minister of Great Britain, who has been claimed by both Disciples of Christ and Baptists, was settled today by Lloyd George himself. After the issuance of a Solomon choosing neither the one or the other, but claiming them both.

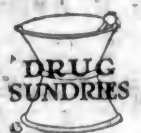

In a letter responding to a query, the Prime Minister wrote that he is a member of the Disciples of Christ, but attends the Baptist Church.

Over Three Hundred Visitors.—The gate receipts at the Island Arts and Crafts Club exhibition yesterday showed that about 320 visitors called to view the display of pictures and handicrafts now on view in the Belmont Building. The exhibition will be open until next Tuesday evening, and visitors are reminded that a tea-room is operating in connection with the undertaking.

COLUMBIA The most magnificent theatre mother story ever told. The words of the above sentence automatically aroused themselves in the mind of the reviewer after seeing Marjorie Rambeau in the screen version of "The Fortune Teller" at the Columbia Theatre yesterday. Watch her Miss Rambeau act in this Robertson-Cole Super-Special makes one understand why the critics hailed her as the greatest emotional actress of the American stage after her premier performance on Broadway in the original production. The plot of the drama, from the pen of Leighton Graves Osmon, the well-known dramatist, is based on psychic phenomena and mother-love, as all those familiar with the stage performance know. Miss Rambeau, whose fame as a star in the theatrical firmament was established by her interpretation of the leading roles in "Cheating Cheaters" and "Rings of Youth," plays the part of a mother in "The Fortune Teller."

ROYAL Gouverneur Morris, author of the Golden Rule picture, "Ace of Hearts," which will be shown at the Royal Victoria Theatre again today, not only has no fears that his stories will be duplicated, but welcomes suggestions from the Hollywood studio staff on any

TODAY'S AMUSEMENTS

The Screen
Royal—"Ace of Hearts,"

Variety—"Nobody's Kid,"
Dominion—"The Mystery Road,"
Columbia—"The Fortune Teller."

changes that will improve his stories as photoplays. Recently, in making "Ace of Hearts," Lon Chaney, who is known as a master of make-up, suggested that the part assigned to him should not be that of a butler with a passion for social justice, but that the character be that of a dreamer—and that the impersonator should look like one. Mr. Morris replied: "Let's see how you would dress the part. The man's business doesn't make any difference to the story, anyhow." Mr. Chaney's conception of the character of Farelaine proved to fit the main plot of the story exactly, and consequently the actor was permitted to employ all the resources of his imagination. The result is an excellent characterization. A musical treat is in store for music lovers when they hear the Royal Musical Trio at the above theatre this week. The trio have been chosen that will appeal to all tastes. This is indeed a good comedy. Bruce Seale and a Ray Photograph will form an entertainment well worthy of support.

CAPITOL Richard Barthelmess, theatre who plays the leading role of "Experience," is popular with Paramount audiences. He is a New York man, and was educated at Trinity College, Hartford, Conn. His mother was a prominent actress and his musical talents were inherited from her. His first screen appearance was with Mrs. Nazimova in "War Brides." Later he was seen with Florence Reed in "The Eternal Sin." His first leading role was with Marguerite Clark in "The Valentine Girl." Then D. W. Griffith sent for him to play with Lillian Gish, and he played leading roles in five Griffith pictures, making a phenomenal hit as the Chieftain in "Broken Blossoms." Other pictures made under Griffith's direction were "The Girl Who Stayed at Home," "Scarlet Days," "The Idol Dancer" and "Way Down East." "Experience" will play at the Capitol again today.

DOMINION In many respects one of the best Paramount pictures seen here in many months, "The Mystery Road," a British-made production featuring David Powell, a well-known American screen player, was shown to excellent advantage by Manager Robertson at the Dominion Theatre last night. The story, written by R. Phillips Oppenheim, the novelist, especially for Paramount, deals with a young Englishman who travels the mysterious road of life without giving a thought to the end thereof until it is too late to retrieve his error and to discover that he who fails to cherish the love of a trusting woman, is bound to be the loser in the end. Mr. Powell was excellent as also were Nadja Ozerovska, Mary Glynn, Ruby Miller, Percy Standing and Pardee Woodman. The picture was directed by David Powell with splendid results, while the photography by Hal Young could scarcely be excelled.

VARIETY Robertson-Cole's new production, "Nobody's Kid," starring Mae Marsh, will be seen again today at the Variety Theatre. This is the second picture Mae Marsh has made since returning to the screen after the absence of two years. Her first, "The Little 'Prud Lady,'" is scoring heavily throughout the country. "Nobody's Kid" gives Mae Marsh an excellent opportunity to display many of her talents. The story is that of a little orphan girl, who, while in an asylum, brings down the wrath of the teachers and trustees upon herself because of her childish pranks. It is rather rough sledding for the little girl until several sympathetic and real human beings arrive at the orphanage. The story winds up with a fitting and happy climax. "Nobody's Kid" is a screen adaptation of Kate Langley Bosher's popular novel, "Mary Cary." The scenario was written by Katherine Cary and Howard Hickman. Mr. Hickman also directed the picture.

KAISER'S WAR ROOM TO SHOW MONDAY AT DOMINION

The famous war room of the deposed German monarch, Kaiser as the "Storeroom of Moltke," is one of the highly picturesque features of George Melford's latest production for Paramount, "The Greatest Impersonation," which will be presented for the first time at the Dominion Theatre next Monday. This setting, which was constructed and fitted at great expense, is Mr. Melford's conception of the secret Prussian government chamber where models of all the engines, machines, munitions and devices which were perfected for use in the world war were stored. The main chamber is reached by a tunnel, closed at both ends by steel vault doors which are operated by combinations, the same as those in a treasure vault. A sliding panel in the outer room obscures all evidence of an entrance of any kind. The props with which the vault is fitted were secured after weeks of great effort. Some are from private collections of returned soldiers, some from museums and others from various sources. The collection includes machine guns of all types, large field gun, models, revolvers and small

JO-TO stops stomach suffering. It is a powerful stomachic and will also relieve indigestion, flatulence, and all other ailments of the stomach. It is a powerful stomachic and will also relieve indigestion, flatulence, and all other ailments of the stomach. It is a powerful stomachic and will also relieve indigestion, flatulence, and all other ailments of the stomach.

At Dominion Next Week

An Parrot in "The Great Impersonation" at the Dominion all next week.

arms, guns, shells, hand grenades, large Kruppian, Lippolden model submarines and zeppelins, aerial bombs, mines of all kinds and many of the other heinous devices of destruction which were perfected by the Imperial government before the beginning of the conflict. The furnishings include a large chair which was given to the Kaiser by the Emperor of Austria, a beautiful table desk which was carried off from France by the Germans during the war of 1870, and many other articles of furniture which were brought over from Germany.

CHARLIE CHAPLIN IN "THE IDLE CLASS" AT ROYAL MONDAY

Charlie Chaplin has another knock-out in "The Idle Class," his latest large National comedy, which will be shown at the Royal Victoria Theatre on Monday next. Charlie, sending the present-day trend, has belted down ten reels of fun to two reels and the result is a kaleidoscope of laughs. Charlie in a dual role is at his best—and that needs no elaboration. Mack Swain, the only American rival of Stambulski, premier of Bulgaria, again proves that he is a superb foil to Chaplin. In "The Idle Class," Mack towers above Charlie in Scottish kilts and incidentally settles a long-disputed question which bothered the women of the world during the war. "Do Scottish wear kilts?" He does it while leaning over to connect with Charlie's spear. But that's just an incident among a thousand other side-splitting situations. Chaplin is supported by Edna Purviance, Henry Burman, John Rand, Allan Garcia, Loyal Underwood and Lillian Parker. Miss Parker was placed under contract by Mr. Chaplin as a result of her splendid work in "The Kid."

SEAT SALE FOR "IN THE QUEEN'S SERVICE" NOW OPEN AT KENT'S

The seat sale for the romantic play to be presented by the Victoria Dramatic and Operatic Society opened at Kent's Edison Store yesterday morning and bidding from the demand so far, the play is destined for a very successful run. French history has furnished the subject matter for many intensely interesting plays. "In the Queen's Service," to be given at The Little Theatre on Saturday night next and the following week, is a splendid example of the adventures of a soldier in the service of Catherine de Medici. The part of Monsieur Martin Marie Rigobert de Gernache is taken by Mr. Bob Webb. His exciting adventures and hairbreadth escapes from death at the order of the cruel and scheming Marquise de Condillac are exceedingly interesting, giving the actor a tremendous scope. His many runs for entire casts of Condillac, to rescue the heroine, Valerie de La Vanvraye, acted by Elleen Allwood, create exceedingly strong dramatic situations, and make the play exciting throughout.

MUSICAL TEA WAS VERY SUCCESSFUL

Building Fund of Y.W.C.A. Appreciably Augmented by Enjoyable Affair Held Yesterday. The sum of \$75 has been added to the building fund of the Y.W.C.A. through the proceeds of the very successful musical tea which was held in the association's rooms yesterday afternoon, in the Robert-Pease building.

In the unavoidable absence of the president, Mrs. Bishop, who is attending a conference in Montreal, the first vice-president, Mrs. Back, with, received the numerous guests who thronged the rooms during the afternoon. Several stalls were busily engaged in the sale of the dainty articles offered for sale. Mrs. Lockwood being in charge of the home-cooking; Mrs. Harper and Mrs. Mitchell in charge of the candy stall, where the buns were encased in charming baskets, the gift of Mrs. W. G. Cameron. Mrs. Chave was convener-in-chief of the entire affair, which was greatly enhanced by a loan collection in a separate room, entitled, "Glimpses of India," and under the personal supervision of the owner, Mrs. Harold Beale, who appeared in native costume and gave most interesting accounts of the various exhibits, which included brassware from Colombo, Jaipur and Morabad; beaten silver, tables covered with Indian ware showing the different industries of the country, and most attractive lace and shawls.

Mrs. Peter McNaughton managed the tea arrangements, and the very pleasing musical programme was under the care of Mrs. Forman, Mrs. Morton and Mrs. Fawcett, and included the following selections: Piano Solo, Caprice Allen, Wollenhaup Mrs. A. E. Lock Solo, "I Pined for Your Window" Mrs. R. M. Morton Piano Solo, Valse L'Espresso, Hahn Mrs. C. Conroy Solo, "Dawn" Mrs. C. Lewtas

MUSICIANS' UNION PLAYS FOR DANCERS

Big Corps of Instrumentalists / Gave Services Gratuitously in Order to Swell Hospital Benefit Ball Proceeds. The various members of the Musicians' Union which gave such splendid service in connection with the Hospital Benefit Ball at the Empress Hotel on Wednesday evening, have earned the appreciation and thanks not only of the hospital, on whose behalf they stimulated the undertaking by offering their talents gratis for the evening, but of the big public which participated in the pleasures of the occasion. The musicians were organized for the evening by Mr. E. G. Peale, president, and Mr. W. F. Pease, secretary, and by working in relays kept a big band in operation in the hall and a smaller orchestra in the writing-room throughout the entire evening. Many of the players coming on from their work at the theatre in order to help. Probably never in the city's history have dancers enjoyed themselves to the tune of finer music, and in this respect in particular the event will be well remembered by the many who were present.

At the piano throughout the evening were Messrs. Heston, Philbrick, Perry, and the other instrumentalists were played as follows: Violins—Mrs. Edwards, Mrs. Thorne, Mrs. Heston, E. Sample, E. A. Bantley, J. E. Locke, W. Pease, V. Hunt, A. Prescott, W. Tinkle, J. Hunt, B. J. Bantley, E. W. Clark, A. Jensen, J. Longfield, S. Bantley, "Cello"—H. J. Botten, A. W. Staples, A. L. Hocking, F. Balaguer, Mrs. Greenwood. String Bass—A. J. Skilton, W. G. Plowright, H. Ball, H. Morley. Brass Band—A. Heston. Flute—G. Howard, T. Rooney, Mr. Adam, S. West, L. W. Hargreaves. Clarinet—S. G. Peale, Gidney, W. Easton, J. Bleakly, G. King, A. E. Greenwood. Cornet—G. Green, D. Sheret, C. Cooper, E. Rogers, W. North, R. Moody, Alexander. Trombone—J. H. Green, H. Vinall, G. Gidney, A. R. Miller, J. Miller, S. Saxophone—W. G. Watson, T. Beattie, J. McKenna, Malaga, H. Holder. Oboe—R. Heston. Bassoon—J. Chiriac. Horns—W. Tinkle, H. Greenwood, G. J. Dick. Drums—T. Gault, W. Kenyon, A. Warren, A. Ball, F. Homan, H. F. Pickett, W. J. Amond. Reading Room—G. Omond, C. W. Hunt, B. Zala, piano: A. Jensen, A. Cartwright, V. Smith, H. Fimley, W. Pease, violin: J. Bleakly, R. Dyke, clarinet: J. Watson, W. G. Watson, saxophone: H. Moody, W. Davidson, cornet: J. Miller, H. Vinall, trombone: H. Ball, J. Hunt, bass: H. Holder, A. J. Balfour, drums: R. A. Heston, banjo.

FRIENDS SEE A BIG CHANGE IN MRS. AXON

Regina Woman Suffered Five Years From Stomach Trouble Before Finding Relief. "Whenever I meet any of my old friends now, the first thing they want to know is what I have been taking to cause such a big change in me, and I have no time in telling them it was Tanlac," said Mrs. Mary Axon, 23 Deansway Street, Regina, Sask. "Until I got hold of this great medicine, I had not known a well day in five years. Everything I ate disagreed with me, and my nerves were keyed up to a high pitch on account of my suffering, and I couldn't get a sound night's sleep. My appetite picked up almost from the first dose of Tanlac, and no matter what I eat I never have the slightest distress afterwards. My nerves have quieted down, too, and I sleep like a child all night long. I'm now a well and happy woman." Tanlac is sold in Victoria by Owl Drug Co., and by leading druggists everywhere.

DOMINION ALL NEXT WEEK**A George Melford Production "The Great Impersonation"**

With All-Star Cast A Paramount Picture

Remember "Behold My Wife?" This is even better. Accused of being himself! The story of a man who fooled the world by living a perfectly natural life! In a diplomatic game that leads through dark, grim ways—watch him through the direct intrigue ever conceived by a spy! A picture crammed with amazing thrills—like nothing you've seen before!

From the Novel by E. Phillips Oppenheim—Photoplay by Monte M. Katterjohn

Bovril prevents that sinking feeling

A Danger Signal—Tender and Bleeding Gums

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

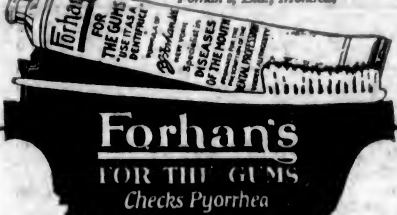

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

STOCK MARKET STRENGTHENED

Developments in Railroad and General Situation Prompt Further Retirement of Short Contracts

NEW YORK, Oct. 20.—The stock market was firm, and strengthened during the latter part of the day's session. Developments in the railroad and general situation prompted further retirement of short contracts. Transportation held their gains the past few days, and in several instances these were augmented by the cheaper rates, as well as equipment, but steel reflected the poor statement of the Republican Iron & Steel Company, whose shares showing further impairment.

Among the lesser miscellaneous stocks those of the department and chain stores were in demand.

Bales, 425,000 shares.

Most of the day's call-loans were placed at 4 per cent on the exchange, and as low as 3-1/2 per cent in the open market.

British rates were at their highest for the current movement.

Bonds were dull. Total sales, \$3,500,000.

Important Notice Regarding Our Lunch Room

In order to augment our lunch and tearoom service to cope with the public demand, we are moving our ovens into the Kent Building. This movement means that during Saturday and Monday we will be forced to serve a cold lunch to our patrons, in place of our usual merchants' hot lunch. This change, however, will in no way interfere with our regular afternoon tea service, which will be served as usual.
